this afternoon. I ralled Quest o made awangments to go some move felm to show of we had the party mide. Bure said he had my color junte for me, but that the one for arton dedut look so good. at 4:30 this afternoon we had a big Bond Kally in the school - The entire top floor was opened up o filled to cayanty. The band played & a dozen a more returned served men book years in The program. Blocker the dept. manager, the enqueen, and . enqueen of the Groduction advan Committee & Veteran Josegn Wars were present. It was an interesting program - the real reason for it was that Plane I me at the bottom of the less of IBM plante in the Ith War Bond Drive. Lews & Johnston mohe but John on 1,201,001+ Barton really state the show - he got all steamed up I really put on a lecture . . old how he had started one with parise on the seal I have trousers of by saving his money he has to - day over 3,000,000 in IBM Moch and also 65,000 un War Bonde - Dec. I dedne know Barlon was worth over a smillion. He got a boy hand from the crowd - meeting adjourned about 5:45. Ex Geedy stynes over about 6:10 The walker down to the Stole for our from

Meeting. Seon Summons Told me I was To in-Troduce om mealer Foles Fagnager - he was a bit late in arriving. I recalled heaving him at our kick off denner for the 2nd War Loan back in 1943. Ofe yeste on History The Headliner - gave a very intenting & projound addren - much like Dwague. the sure in a good masher. I slayed after our meeting at Eds request o rullended the Board of Dueston meeting - May discussed Me maller of next years Concer Sever. Ed held out that 6.00 each for reserve listely re too much I will not sign the contract for James Metion & the other artists which comme ou club to a sun of over 3,600.00 The boys got into quite an argument over the matter. I agreed with Ed that 3,600.00 is a lot of money of it is going to be lough selling tichete at 6.00 Each. Bot a more home with Bud Audin about 9:00 - Gen & Still Spencer were here with Many - discussing The prime Friday Higher - They have deaded it would be too wer to have it outside I I am glad they feel that way. Changed our plane of are having it musede. Sead peaper & 76-bed 11:00

60 6/7/45 THURSDAY: A beautiful bright ming day for a change. Doe up at 7:00 o got ready to leave for Rochester - Mac almon stopped by for me an 8:00. We stopped at the solved I I left some stade master which Charlie Cherry had requested. What I wase good line I se was a learliful dive arrived as the great in Gothester about 11:30 - spent some line with Scott Care I telsey Wage on the supervisory braining program & Manager Manual. Scott wed me your Collecter wanted to see me about The apprentice training - I was supressed to learn from How that Charlie Firth had told how not to be interested in doing anything about training apprendices. In view of this we decided to carrell our plan for Gelsey to get a justine of the mograms we have as toughteyour of at Endure. Boy, everything points to the face that things are on the decline as I lane \$3. Mar & I were surpresed to learn that your Solution, Bes. Deen o Mc Culloh were up from Enducou. We had lived in the capeleria with them & Info. Campbell. They

Told we Charlie Jush was to be un Gochester This afternoon too. After lunch I had a short session with Jack Burninge - he had an ouline for a sale manual which he is developing on E. W. M. Division to show me. I thought they had had one before. I called Bert Van Horn before leaving the plane - Bere was at home on vacation. He admitted be war glad to ger the load of Je Chamba maller of his sholder. Man I I drove down tom to the Library as 2:00 to attend the meeting of the year York State appendication Council. There were about 100 in attendance - it turned one very much as Mac o I had expected most of those gresene were representative of lator vinions. Man ol carried out Girls instructions and hepe our mouths state of just listened. Inflicting adjourned at 4:30 0 we headed for home right away. Stopped in Othera for dunner - are at the Dutch Kitchen, Had a well meal - I drove Mais can from Othera home. Dot home above 9:00. Did some work for the office, read the paper Tho-bed about 11:15.

6/8/45 FRIDAY: A bright sunny day - got quite warm - I was sorry all day that we had not gone ahead with the quenic in our buch yard. Dot up about 7:00 - drove down To the office at 8:15 - Many were along - we Took Bals to selool. It 9:00 this morning rattended the last session of Job Celalisis Training War wanted Dwayne invited to not in on the last of the session - so I slepped one about 9:30 I vent up to Oston office. Idd hum Mac & would like to have him set in on the end 1) The semon - he was almose insulted - he seemed grute disturbed about our not lelling him set in on all of the session - said ou reason were selly to that the whole J. R. T. was levilly elementary. He did come in for the last half hom - 11:00 - to 11:30 - heard Isfac give the summary to the whole mogram It was an interesting sesson this morning case were presenter by Marbuck, Mrs. Ward, Costa & Mrs. Forter - Edith Demett said she was such - just didn't show up. Josla me was funny with his case. Dwayne seemed floworably impressed with the closing semon - he saw me after the meeting ?

suggested we just on a program for another group in the Dept. of Edn. Of and lunch at capeteria with Gay we walked down town after lunch & got some prenting paper at Stickleys. This oftenoon I pretreved the John for to- mape "This amazing America - a. dam good film - Bruce o Gen previewed it with me to see the quality of the color. Ite the lose color film live seen, for a duplicate. If any called - raid she I the girls were calling all the Triple 5 member about the granty to-night. They had decided to have it oneside, but at the church. Wary took Many Lon to Dr. gellhar in Denghanton to day for her cough - he wines way to keep her in bed - she has the same condition that Babs bad in her browned tube. Its. Gillhort said the are in the house should be warm but more of I'm apraid that as our trouble. The water pller on the Jumase has been one of order all Wenter - Many has pane of water setting around the house but I doubt whether that is enough. I dended to day not to have The Jr. Chamba Executive Committee here on the 8th. of July - Dwagne indicated that would be a bad week end

to have them. Spent more of the afternoon with Earl of Bob going over the layout for the slive film "Tom with the IBM Cand" Pare IH. at 5:00 Many stopped by for me - she had been down Town to get the gul to slay with Babs & Wang Low - I loaded the projector unto the car. From the follow up home - Many & frurred buch to the church about 5:45. It was a brankful evening - Dee, I halled I had allowed the granty to be changed back to the church - I took a budding from some If the gang - just as I had expected. We saw up the latter on the lawn, back of the charch. It made a very me set - up. I look a few justines - moves & stille. We on the committee (Many & I - Buth & ten Spencer and Stavila o Agatha Wood) had a very busy evening. Full had mand a same for how dogs - we had gulled how dogs for meat & they me were over "This amazing America" were over with a bung - I showed it in the basement of the church - we moved in there for our meeting + intertainment. about 50 turned out and all to - getter I thing it was a

very managel party - at lease that is what everyone raid. We on the committee had to wash the dista afterward - prinstady about 10:45 - I had to dive the girl I rene tickey down town - home to to day.

6/19/45 TUESDAY:

Fairly cloudy & cool to -day, Got up at 7:00 - Dwayne stopped by above 8:15, I drove him over to the Lacavana Station in Bringhamton - he left for N.Y. to be user on business the rest of the week & to allered the reception at the Walderf to myse for General Eisenhower. He was welcomed back by N.Y.C. To - day - the bigger celebration in the History of our country. - I wayne gave me some advice about my commencement addren - said I shouldn't make the mistake of the usual beginning, speaker - Wat of being preacher. I Though that good advise. He advised my making my promes by the use of examples. Dove thoir chevy back to the house ?

had Many follow me over to the Cullaha where Edna had asked me to leave it. I got a side down to the office with yac so thang dove on back home. Thed firthlas lots me this morning above their plans for the school this summer - they well need all rooms for clame & Blackwell & his staff well need our tactory behood office. Ted asked me whether I could use either the annex or the space in Blog. 28 for the next two months. With no supamer program I had no alternative love agree To move . Took fay over to look our theamore we agreed that would be beller than Blag 28 - so I gave Fred & Blackwell the Ot on the move - made it clear however that is could be moved back the first of September. Gay & I called the liffue staff to gether & Told them about the move - everyone seemed very cooperative. Jackman arrived with Mr. Miller, The new Director of Estor of Syrame Huir. Ones, about 10:30. Wer Mr. Meller & gave him a but of the tustory of our Ben. Education Program. Went over the Bluepunt Gending Manuscryte with Jack & Bill Miller. Bot & Ray yound we on the

Reading Text letter see of junter. We all

had lunch as the cafeteria - Bell Willer reemed to be a real Jellow. Uffer lunch I look Jack & Bell up to meet sof. Vichlan & Mr. Harbuck. 6/20/45 WEDNESDAY: Got up about 7:15 - had to hurry around to get Baba down to school in line. I was raining this morning but cleared off o was a beautiful day. Drove on down bown & got a han cut this morning. For to the office about 9:15. - They world on the annex all day to -day getting it fixed up for our move. I told War almon about our more to night he seemed quite surprised to hear it. It close seem we are going backward instead of ahead - I'm gang right back in the office I left I year ago. At 10:15 this morning of drove our to Stopper School & got Barbara I dive her home. Drove on over to Bughanton & stopped at Jon ander - got a live I had recopped a dos stopped at Kus but he had no film for me. Magned as the Buch Darage in Johnson City on my way home to have the carbonator adjusted -Eddie Told me the motor was in dire need of being overhauled - I believe I shall have in done before I go on vacation - I have 69,000 miles on The can now. Tot home about 12:00 had lunch with the folks of about 12:45 I drove Bals back to school on my way to the office. I let it arbora lake her camera to school to-day;

for the first - it was the first line she has taken justine entirely on her own. Adad a busy afternoon at the office - spene some line with Cay this atternoon outling the courses or subject sequences to be amounted on Jall Deneral Education Bulletin. We had Junte a descussion on it. I had Valla Type my commencement speech on small steets for me - she musudeislood my unstruction & didn't stare on it will nearly 5:00 - so she starged until 5:450 funded it. There was quite a commotion at the school from after work at 5:00, Clan fore was attached by a solider boy friend & Blocke and some of the people from The selvol had to resure her. They had quite a Time - it seemed the boy friend wanted to Clair To fee in his can with him I she wouldn't do is. Mr Culloh rode home with me as 5.40. After supper Wany of I had some from with 1 Sale a Mary Lon. I look some move of Babs on her stills - also some stille. Wany look some pulma me on the stille. I hied walking up & down stairs, some Jun. I hurried around & washed The car - Then above 8:30 I dressed & grached To leave for Detroit - Many drove me over To the station - Mac almon was already there.

Man & I got The 9:42 for Detroit. We see in The Club Can & read for awhile. Lurned in about 10:30.

6/21/45 THURSDAY:

Toller called Mar & about 6:45 showed, dressed of had breakfair on the train got in to Detroit above 8:30 - book a cab right over to the Book Cadillac Stotel. Bud Hayen I Fred Seasle were there in the bobby to green us. There were no nooms so we schecked in a checked on bags. Deveral of the other fellows showed up soon after we arrived. Fred book in 15 Parlso H where we wanted to greeted the fellows an they arrived. It was just about The same gang that mer at the Hotel Venn. in N.Y.C. lave fall. It seemed good to renew old arguantencer. I was surpresed to see Ed Gos from Brown & Shaye as Mar said he warnt comming. above 10:30 Fred Searle correlled us mto a los un prone of use hotel - which die us one to the Given Rouge plane I we all got our at the Ford Trave School. We broke up in small groupe of members of the sloff look in for a low of their entire Trade Mood. We spent a full how going them the set -up. I had

been all them it back in 1940, but it was very interesting to see it again. They had just had a bad fore in their cafeteria so all the boys had to ead in the shop - it swely dedut book good to see them taking, setting on beneder, stools ite. Unoller thing which ungoessed we was the way they had the machine crowded to - gether - very little working space. It rained all morning while we were as the Trave Achool. They have had a very wet spring here in Detroit - The same as we have had back East. Often leaving the trade Achool - the bus took us on a low of the Given Gorge Plant - we muse have redden 5 to 10 miles around, in I among the many buildings. It's the largest plant in the World. After the tour of the plane The bur drove over the new sugar highway to The Willow Bun Bomber plant - we made over 60 in a light bus - most all the way. It's a beautiful road! at the Willow Gern plane we had burch in the administration Blog. as quese of Mr. Searle & the Ford Motor Co. They gave us a swell bref steak dunner. after show talks by Wh. Muller & Mr. Mullendin, who explained the training program as Ford, we were taken on a low of the bomber plant. They had a special sight seeing motor braun prowered by a little electric can. Each

seat on the train had an book speecher and The guide had a mule so be could tell all of un about the plane as we went along. It sue was an interesting sight - but it seemed such a bremendous waste of money to see the plant nearby shut down. Is here they had 45,000 people working there is now less than 5,000 of where May were hurning our 18 bombers a day as full production they now hum one only is or 4 and then they are just using up some of the subassemblies that were already made. We had our picture taken by one of the new B245 on the apron in front of the plant. They have over 350 B245 grashed all over the place - it sure was a sight. Many of them was weary planes no longer good for combat use. Boy it sue showed me where some of our bond money in being spent. One of Those B 29 s cose above 110,000 to buld. after completing the low of the plant we walked them The school blog - it was totally deserted except for a few people taking inventory. They had bramed out 55,000 civilians in the laboration of classrooms. wish I had some of their egupment for our IBM school. Um bes left for Delroit about 4:30 - we drove thrung Greenfield Village on on way back, that or the place where Henry Ford has exected many

of the old buldings of american History. I should like to see the place sometime. We also rode then Camp Legion - and aquelline camp & home for disabled veteran to spend a few moulds after leaving a hospital. It is operated by Ford for any veteran who washer to take advantage of is. It will accomodate about 350 - only 50 there more. May are given their heap & part 3.00 a day sederation - & them They where the profets from the crop they rave. The bus dove us the the Keve Rouge Plant on our way back. But back to the Hotel about 6:00 -Man didn't want to go with any of the boys for dinner - raid they would probably do some drinking - so I stayed with Mac. We talked in The room until about 7:30 - I had the look over my commencement speech - be gave me a couple of suggestion. We walked one to ene about 7:30 - just in Thine to see the parade for Den. Trussen who was being welcomed back to Delroit, his howe town. Was I couldn't find a decer resturant, Junelly aw in a greaty spoon. War war so dam afraid he would get into a place that had a bar. After eating we walked around awhile Cleane back to the room of wrote some cardy, while More continued has wonderings. After I wrote my conds I walked down to the man pair of

100 Town, found the theater district, but it was low late to go to a show. But back to the room about 10:00 - Was had returned I was brying on a sure he had gotten ar a second hand store for 8.00 I did some reading - mor huned in above 11:00 -Did some writing & to-lad about 11:45. 6/22/45 FRIDAY: a beautiful day in Detroit - got up at 8:00 - Mac of had breakfast in the Book Cadillac Cafe - The first session of our am. apprenticeship Cound Table was called for 9:00, Dadne ger under way until 9:30. Helder of Casepellar, Tractor Co. showed my this morning. One of the first items of business was that of electing a new secretary - Fratt of Cencumati Willing was elected to replace me - Budd Andded me above beening the job but I made it defends that I didn't want it. Bill Patterson had a gul from his Delroit office are as secretary. We voted on questions to be discussed - your the whole morning discussing one question. adjourn ed at 12:30 - hunch in Carlor H - covened again about 2:00. Mr. Whitehouse of the ford Motor to. spoke on the use of various selection Tests which they use. Mayor Petterson of the

Information, Education Dw. of the army Service Homes presented a need for instructors for a school to be see up in England for the soldiers who came get transportation home. They need 189 instructor from civilian life. His proposition sounded like a good one - the gov. well pay 25% over your present pay + transportation to & from England and a bonus equal to 6 to 8 hundred dollars. The you will be for from I months to a year. We only had about an how left to dissure apprenticeshing questions. Bud used the same old proceedure of going around the table to having each man talk on the subject. At the close of the meetmy Fletcher, Mac & I approached Bud on the maller of changing the proceedure. Meeting adjourned at 5:00. Has & I went shopping -Was took me to the store where he bought his second hand suit. I couldn't find anything I wanted, although they had some fairly good suits. I never saws so many pawn stops I cheap stores as they had in that section of Detroit. At 6:30 we mer some of the boys (Johnson, Dearbech, Hebard & Hunter! as The trotal - we all walked a couple block over to Hunds for a swell fish dinner.

Ufter ealing Hebard left in a the sest of us Took a cab out to Belle I see . It's a big city park - a very mee place but it wasn't beging well. We walked around the place. It was a beautiful evening to a georgour sun set. To day was one of the longest days of the year & since Detroit is located mean The Western edge of the Eastern Time Jone it gave us ready another how of day legte. We got a cat back to the Stotel about 10:00 & it was sill just dush. Budd & Mrs. Harner were setting in the lobby - I joined them I had a nice that. Came up to my room about 11:00. Ind some reading - also wrote these notes & retires about 11:45. Mar had already gove That to I were another sometime during The right by a terrible now in the room across the hall . I wo women & a man were arguny about something. The one woman sure did a los of swearing.

6/23/45 SATURDAY:

Unother beautiful day in Delroit. Macol got up at 8:00 - had breakfast in The Book Cadallac Cafe. Our meeting got under way about 9:15 - we voted to continue the session right thru to 1:30 & them not have an afternoon session. Budd tried out the suggest Mue, Flexich & I made Gesterday of just knocking the question back to forthe to any one who wanted to talk. It worked much beller The got over a lot of ground. Called a short recen about 11:30. The meeting adjourned at 1:30 after the good - bys were raid Mac & I hurried our to do our shopping. We stopped in the Bran Garl for lunch - a place much like The Bran Rail in N.Y.C. I don't think Man liked it too well - there was a bar I much dim light ele. We found some nice stores in which to shop - I bought Mary a nece plader hand bay as a wedding present. Mas longer a hand bag for his wife loo. We got back to the stoll about 3:30 - it had gotten very warm on the streets. Chedrel our or book a cab over to the station or boy The sure was hot hurrying around. Ed 5000, Budd & Mrs. Hayer were at the dation to

get the save train. We had give a time getting thru the gate - it was very crowded. Ed Gos joined Was I I we our can - sue white up to the denner to gether, but it was crowded so se couldn't sit to gether. Ed staged with Mac I I will we were nearly wito Buffalo. Had a swell that -Ed in a lot of Jun! Mac & of got off at the terrar Station in Buffals & got the bransfer bus over to the Lackwarma stations about 9:40. As we checked in at the Mation The conductor told us that a landing burge war just julling up to the dock so we were our to see it. It was a large L.S.T. buch from Europe - it looked July egunted. Sinte a crowd gathered to see it. We waithed the sailor moon in fast. One thing which interested us particularly were the furnel shaped purce of him they lie around the moorny roper to been the rate from newway rento The burge. Muc called a cousin who lives in Buffalo & I called Harry Scholl - had a nuce that - Harry seemed to be in very good spirits over his Jague organization. We boarded The Disi car about 10:45. Ded some reading wook there note & To-bod 12:00.

6/24/45 SUNDAY:

It hot, buger day, the porter Called me about 7:15. Mar I had breakfase on the brain. We were about 10 member tale getting into Vestal - due at 8:28. Many & the girl were there to meet me - they get such a beck one of seeing me ger off the train. Man didn't ger off as Vestal - be placed to meet his family at Binghamlan & go right to Church. Many said Mrs. Mar almon had expected Mac to ride up to the house with us, so I called When home I told them be had gone on thru to Bughanton. We stopped over to Hawling Dung Hore in Enducou, Many had another prescription to be felled. The told me Kuy had called I said he would me to call - so I called from Standing. Day asked whether I would stop by her house on the way the Bughanton, I wondered where it was he wouldn't talk on The phone. Morped on Endwell for our Sunday paper. Dot up to the house above 9:30 - Many had things all packed ready to leave for N. J. I put on some cooler clother & then booked the can. It was really loaded too, for Many took everything she of the gula would need for wacalion, gust in case she done get back before. I called Dwayne before leaving - lold him a bit about my trip. the told me that Kay lead New to see Dr. fellow & that he has to have an operation on his year. I told him I wan stopping by to see Kay The advised my grown than any line of he may need to get laken care & grownerly. I wayne even suggested my seemy there about having I BM many to the operation of necessary. We left In N. J. about 10:00 - it was a transitul day, bow very warm. Hagned as save can to the family whe ready to leave to thurch. I told thay not in vory about the work of to lake If any line he sueded. In delhare in getting bem an appoint mend at John Mystein to had her squire Tyleraled on - be clause the spine in partly our of joint of that this is causing guessine against the newer in the spine . - We stopped an terantar for hunch are the Carlle Westmann, " noticed the true in one of my from three had opened up wider & allowed the line to These of your below deranton I changed & you an the you you to be on the safe more that to unload everything from the

trunk to get the live out. We made fairly good time - come down it is to anadece Talley - Juse to a change of scenery. It me was a that afternoon. Just above Washington one I the rear times blew on with a SANG, it was a good recapped him - I was going about 50 8 is was on a slight curve so by the Time I got stoped I had really given the line of Tube a real tracing . That means going them The changing process again - had to un-Load The Truck the second line. Some Ann! Al was luckey we had a space. For home about 4:00 - the lines held us up quite a low. I would to take some move of the Jolha but everyone wor too how to be bottered. Called Belly & leaved that more of the follow were up from the city. About 5:00 I dove down to see Dad & Belly , look Bals & Hay ofon with me. They ger a boy but our of seeing the Cambr - Dad had hilled one so there was only one left - they were clay much concerned about what hoppened to the other one. We had some for calling to a qual just above the house. Drove back to Mother above 6:00 - after supper I worked some on my speech - Changed the entire for you of it. about 10:00 Many

108 I drove over to Mountainsville to see Harry anyton - we had beard be war home - Starry ind less for Labour so we much seeing him. loted a mee talk with Mrs. Crangton. We hurred back to Lebour but couldn't botale Harry. Myres down to theredown or some we cream - some Freddie a indoberry & his wafe. Atome & to-bod 11:15. 6/25/45 MONDAY: I very not sully day. So up about 6:45 - hursed around I had a bile Il breakfast - thoug pressed my brown suit to me. More 7:30 I drove down to Lebanon I Chrehait Garage la ger a new lire, the garage wasne open & I had to get the our of ded as his house. It alled for him to ger our - be came over to the graze o sive he didne have any standard make This I agreed to take a recay which he had I wanted 13. I for in . after be got in on the wheel a you on the side wall bullyed our so I condemned it. I mally decided to take a Sciberling Delux Tire The only one he had. Boy the blowed our line & lake me was wrecked - the lake was Cur and shalf of also cur on shreder. The

run of the live was also suised. I had to get a senthelie Tube, - the fine sentheric Time of take I have had. Dad stopped by The garage while I was getting the line - I had the application made out for 2 new his so I arranged with the to get him another application for this live -The con me 20.78 & The take 4.66. Drove buch to Mother about 9:00 - Mary got The his dressed for our annuersary movies - I called Betty to come up to tale The movies. Mother wouldn't let me have Belly see her prouder so I had to call Betty back of arranged to take the justine at Dade. Many of the gues got dressed in Their Mother & Daughter dresser - we all drove down to Dass & Belly look some collared movier of un ar our annuersary judurer. also took some stills. Paul The me our in the Shop to see Ed. Idams the had arranged a dunner yearly for me as lold spring so about 3:30 I down sy is the Melon House of checked in a to and node ry town with me . It sy the tistel room me now how i wook a shower of changed my dolla - at 4:33 Paul & I returned to the plane. Mer Ed and I rode home with him - be lives in Welsonville - a Little village gum outside of Told Apring.

Met Mr. adams and balled with her while Ed got cleaned up. Their house was delightfully cool - she heeps in closed all day & open only at night. at 6:00 we drove out to a little road house where we mer Mr & Mps. William Jo Hageny, the Principal of his wife. Had a swell steak dinner - I learned that the Mageny braces Charlie Love - he had gone to Status College with Charlie. It was a very showing evening, herried back to the Cold Agung school above 7:30 - Ed showed me three the building to sure in a modern school of Ed in very proud of it. Paul & Wilber and their were arrived about 8:00. I waited in Stageney's office o mee the various degostanie as May arrived - priorigaly as 8:15 we all marched unto the stage of the auditorium. We had to set on center stage under a now of flood lighte - there were about 7:00 pregle packed in the anditorium. Doy is me got hot under those lights. Just before I was introduced by Mr. Hannon who was Chaunaan I noted I had forgotten to gin up my fly - boy what a spot! It me threw me for a loss - I guin

couldn't close in & all during my ball of was conscious of the possibility of it showing open - boy, that I live hear que about privated me. I was me glad when il was over I god I hope I never have More experience again i I ushed Paul right after the program whether be noticed in I I was relieved to learn that he deduce It was the Appreal small High School Commencement - really a nece program. They have a very good band - 1 st in The State for that size High School. There were 20 in the graduating class. During the mogram is was descovered they were having their 50 th, annuersay - are of the old lade, The Tail, who is on the board figured one use in war in 1895 that the frest servore were gradualed from the old Haldane School. I wer Who. Haldave who in the donor I the original school building, a charmmy old white haved lady. It seemed my talk war well received - some of the teacher even asked for come of it. I don't think it was that good, but it flattened me to think They thought it was that good. I got a ride back to the plane with I and & Man.

Devell and Will & his wife. There I got my car of drove up to the Yelson House — it was still showing - lightening & Thurdering. Hopped at a drug store for some see cream, got in The Hotel about 10:30 just in time - had a very hard shower - even rained in my room. I wrote Mary a letter, wrote my drary & to-bed about 11:45 - sent Mary a copy of the Commencement Program.

Ofter break -Jan Paul rode over to the Buch Grage with me - I had the can greated & the oil changed. Taul waited for me o above 9:30 I drove him over to his house. Came buch to the hotel for my bay or was on my way to Endecote above 10:00. I had lose a but can off she can on my way

me one in Fonghheepsie but couldn't find one. I stopped at a couple of place on my way to Hewbrigh & there I tried the Buch Darage - they didn't have any 41 hub caps but said they could adapt a 40 cap to fit - I look a chance on getting one core me 3.20. I dove carefully all the way up - ran into a couple of showers in Liberty, Hoyned at your for lunch, got into Bughandon about 3:30 - stopped and om Lawlers to check on getting liver. Mp. Lawler booked over my liver of made one an application so I could get three more line. Mopped at Gus - he had my color enlarge ment of Mr. Walson - it looked very good. Stopped by the house of left my bag - alo got the mail - got a move film back - had a book as it. Called the offere & had Valla Take a letter I wanted to get one to day. Doe down to the office above 4:30 - was more anyour to ger a look ar our new quarters in the annex. I've looked ever beiler than I had expected. Was surpresed to find a copy of a letter from Charlie tick to Mp. Sardler S) the N.T. apprenticestin Council asking for Main

approval of our apprenticestin program. I called Man to be said Charlie had called him over Monday Morning & advised him he was send my the letter, Hac sure was supresed, but actually I Think the ded the right thing. I believe you can be too dawn person about Shore things - I agree with that asking for approval by the Council does not mean appliation : Had a mee that with Gay - he is still having difficulty with him back. Left The office about 5:300 drove over to the Umon trage - had some denner at Collin Gest want I then drove home. Cleaned up the wheel I new live - beought it in the house I gave the side - wall two coats of white paint. Or sure seemed good grainling un smoots rubber again - my old liver are nothing bu cracks now. I'm all the old can close in the washer of washed them so I would be ready to summing the car. Wrote Many a letter this evening. Made our my expense accounts for Delroit & Foughteepse. To-bed 12:15 It sure seemed quite around the house this evening - I must admit I prefer having some noise - of course it makes a difference who makes the noise.

6/27/45 WEDNESDAY:

At 10:30 I look the whole group over to the Visual ack Dept. had Gen Space show them thru the whole dept. then we gathered in the projection room Then gave them a little talk on the service Whe Visual and Dept. - be ded a beautiful Job with it, much beller when Bruce Buchler. That her show several of the movies we had produced - the group were sure engineered with the whole set-up. We also booked at a couple of the stide films on leacher train my your our by the Havy - didn't think much of Them. Plone 12:30 we returned To the annex - the boys didn't like

The smell of Ash coming from the cafeteria so I speed to drive them down for bunch. Cay, Frul, Belsey, & Will rode down to Collins with me - we only had him for a sandwitch. It 1:30 it had my whole stapp to gether in room 203 of the rebol (exegre ist Sheredan who I seve to Syracuse to day with the B Everent Manuscript), Divargae presented Dean Williamson to the group. It me put Williamson in a spot hirming him love to a group like that. I tried to bely one by telling a little above our mentie interest. I was really quite neverably impressed with Dean Williamson - be sue has a very buse approach to the matter I human relations. Drogue stayed with our group more of the afternoon, but war called our reveral lines of war called away To the end - de sent in a more for me to Take wer, I adjourned the session about 4:15arranged to have Mar Almon drive Dean Williamson to the Atomesterd - I did that graymen and wanted Man to get better argueted with him - during our recens I had a that with the & learned that it was not very much impressed with

Williamson of our servor on Aleman Gelations. Mac is sure a skeptic. It ad a chance to go over the layout of the fall bullation for Poughbersie with Paul & Will - also man some time fluishing our desirations as we have another session with Williamson to morrow morning at 9:00. - Wh yes - naw Cliff Buris in The school To-day - he had a letter from I.E. Brown (Leband) all about my passeng him in my car in Endwell - It me was Jumy - Pliff & Walt Crotoley were both mentioned in the letter. Stopped in to see Dwayne before leaving at 5:30 - be me in bury - what with Mys. Watson arriving to night. Drove over to Ed Geedige - He & Olive had me over for duner - I enjoyed it very much. after eating I drove them I their west little girl, Charlette up to see my lot, they had never seen it before - we also stopped around to see the view from their lot. Drove them home of got buch to my house about 8:15 - changed my clother I went right to work on the lawn. I sure min Reys De Venti. Wrote Hary a letter. Head the paper & to led about 11:30.

1/7/45 SATURDAY:

A beautiful bright cool day, got up at 7:00 - dove down to the plant of had breakfast at the cafeteria - ale with Bot Sheridan - Bot gave me a webal reyou on his Try to Syracuse Yesterday with The Delingrane Weading manuscript. I called Mac almon over to the office of asked him his reaction to Dean Williamson & his session with us - War in still very shaplical about The qualicabality of Williamson's approach to The mother of human relations. at 9:00 we that another resson in Goom 203 with Dean Williamson - I had my whole group to gether - except Gog Williams I han Jose . We had a very interesting session. Dwagne see un ou par of it-The came in at 11:00 & adjourned the meeting in the very able & appropriate way. Told we to stand ready for a published meeting will Mr. Walson on he had asked to meet the faculty. I went back to the annex with my group. Faul, Will, Gelsey I Berry Store were all anxions to get away & start back home - we wanted around until 12:00 before we husely got

the word that Mr. Watson had arrived at the school. We will all called to your 202, It harned one that Mr. Water had wanted to talk only to the System Service instructors, but be said he was year we were all thee, bee gave un a real pege talk on our responsibilities an instruction - a really good talk. Fred Michelan, Norm Collecter & Mr. Campbell all respouled briefly - Mr. Watson asked for comments & I was tempted to say I felt his lesson applied to our factory & general Education work as well as to System sewice. The session ended at 1:00 - I saw the group of our haining people from the other greater off - Told Faul & Will a would see them next tulunday in Pough begine. At ad lunch as the cafeleria with Kay Sherdan & Mr. Campbell from Gothester. Lay is to be at Enduote for the summer leaching E.W.M. students, Mr. Walson & Th. Kish were eating in the cafeteria. I staged around the spie until about 2:15 before heaving for home. I wohied the watson got Lynn Seeley to one side & had quite a talk with him about something. I just en a very busy afternoon - friested morning the know - als wasted my

clother for the well I just them one to dry. It war a swell afternoon - Oh yer, juit after I got home I drove on up to the Stomeslead & look a couple color justine of the rose gardens This afternoon I also took a couple pictures of Thereby firth on her horse - finaled up my Julm. F. school a very mee building. Harry School on president sure rail roaded the business right them we had a lot to get over, but was fruited by 1:00. I reported on He Jayree Manual To was recommed by the group that the manual in wanted even though I haven heard much about it from the locals. Ben Van Horn was with us for the meeting. Edith came will him - all the wive goined us for lunch at 1:00 - we are right in the G.L.F. school building as guest of the G.L.F. che. I all some did a swell got for un -I'm sure glad I turned it over to him as it would have been a bad weekend to have the group at the Homestead. all the System Service gut are arriving to -day of Mr. Walson in there will a group of special gueste. I got a judine I the Jr. Chamber group before leaving for home about 2:30. Boy - it sure war

a beautiful afternoon - I drove both by the way of Kichford just for a change of seeing. I had brigouen the letter I wrote Many last magie - came up to the home, you the letter I drove down town to mad it - the drove one to John Smithe farm - but be warnt home - stopped at Bad austin's on my way home - Bud was moving lawn - he moited me in to have a cole with him. I old me he had bought his house from Barton - part 8600.00 - he showed me Thru the house - it is really very mice unside. Bud explained that Barbons proportion want much different than what we were paying as new - since the pay ments be is now walnung are reducing the principle of this amount congensales for what meone you may have made on the money you pay as down prayment. I still think 12,000 of in too high for this place. I told Olob that I would be willing to pray 10,000.00 The allowed that would be enough. Wied in a buckelor the same as myself - his college at Princeton. Die some more sunoreging on my car this evening. Drown

down town about 9:00 for some supper. The in the Palon Drill an Colline was closed.

over the plans for his home - gave him a price of 14,000 . To where are his pre-war Estimate on the discouraged me from building now. I'm said they both advised him not to build - & they also said they thought Ed Clearly was crazy for going ahead with his plane. Dwayne called after I got back to the spice of asked me to be sure Dr. Williamson had a chance to say a few words to the googs in the J. R.T. session. I saw in on the last 15 min - 10:45 to 11:000 asked Williamson to comment on the subject of Aluman Relations - he gave above a 10 min. summary while I shought was very good. after The session I took him down to they Johnson Office - I had learned Rey used to be a student of Dr. Williamson's at the Univ. of Mimesota. He was quite impressed with Geyr see up. Bey stopped over to the school at 12:00 & west to lunch with we in the cafeteria. We stopped back to my office after lunch - It samed all during the lunch how - Gly of Dr. Williamson had a very interesting conversation, many mulual Juends. about 1:30 - I took Williamson over to Orton's office - Desagne warne in &

I learned that the session planned for the personnel dept. warne scheduled until 2:30 so I had a private session with Dr. Williamson in The office. I was interested in his reaction of Mac & his J.R.T. He was park to admit in was good, but was only a starter & Man Mac lose prefetly grand opportunities to myest some of the base concepts of human relations. I recognized that when Williamson spoke at the end of Mais remon. We agreed that what Man wer doing was for the shop warager two war not appropriate for the group of the school staff which he had this morning. Then were bone one by what Dwayne had to say when be came in - be lold in one member of the group had stopped in to advese that he thought that O. R.T. was not on the jumper level for this partiale group. Boy, if man homew that! I stayed with Dr. Williamson all afternoon -Dwayne asked me to set in on the Personnel Servin - i was held ign for over un how by Wish having Bud antin on his office. Bud Smally got his group over to the confuence soon in The lab. about 3:45. Atad above an how session & Man Bud both Williamson over to Sirter office with him. I bid him farewell &

Expressed my appreciation for the thely be had given me . lote said be toped some of the red he had sown world not have faller on hard or stony ground - I arreved him some of them would certainly germande but that it takes line for some plane to develope into hell grown specie mens. I'm sure we unterstood lack other perfectly. I made some calls - left my office above 5:20 - dove over to buildes Barage - had los The live on my can reversed so the white side wall would be on the wride. I'm gwing up having while sidewalls until we can aga buy time with whate rubber sidewalls. The white peans I had just on my new symblic Sciberling line had truned green. Drove down to Collins I had dunner - then drove home. Dwagne stopped by on his way to the Home stead - we discussed Dr. Williamson's visit. Dwayne told me he of his family are morry to Westyrou Coun. for the next two moulleshe has to be up there on business - wouldn't say what. He said he would be near Mr. Warson's summer home at yew Cannen. I worked on the car until dark, semonezed the top down to the windows. Boy - is sure books good! About D'or I came in

and junted justines until 12:00 - To-bod 12:30.

Got book here about 11:00 -I dove the can around the block I parked it near the aborton before going up to - bed about

7/21/45 SATURDAY:

Ocean & Brove. Sot up early about 6:30 & at 7:00 I drove The car own & pasked it in astrong Park. I had trouble gitting it started, The starter hept bricking in while the motor

was running, boy it really did it body this time - I'm afraid I have the flywheel nearly runed - The starter maker more noise every line it gets one of these spelle. I finally had to the the wine of the switch of have a boy help me stare the motor by touching the wire to the witch. I hier to put the con in a garage but the boy worlder take the can when I told him the starter was broken, had to lowe the can in a parking low. After breakfast we sat on the just I read news paper for awhile - Mary, Wolle & the gul took a walk over around the Andilowen. I played a game of lawn longues with some I the Jellows here at the house. Some of them take Their lawn croquet rather seriously. I won quite early however. above 10:30 we all went in bathing with the Coveys of Galph. I got an umberally, but we hardly used - were in the water most of the time . Carl look some movies of we under the umberalla. I also Took some moves of the buse in the water o also playing with little Didie Johnson Also took some color juctures on the Luca. It was slightly hogy but very Engli on the beach. Had some fun jump

The waver with the Coreys & Julyh. Morden saw on a benchm the boardwalk of warched us. The heap all of on valuable while we are in balling - a very handy arrangement. Lame back to the Aborton about 12:00 -Cleaned up & had lunch at 12:30. After lunch I took some justines of the Coveys or Ralph. Earl also book some preture of us. I stayed on the proch I talked with Earl & Rulph for awhile. Many worted some sharper to wash the gula han so I walked over to the dung store with her. Spens more of the afternoon on the porce - a lot of The guests left this afternoon so there was a to of good-bys to be said. The Coreys & Walph Refu about 3:00. Many & Worther look the gula for a valle on the boardvalle to dry their bain above 4:30. I had a game of lun croquet with some of the boys of took is early to-day. Gear the newspapers & about 5:00 got duesed for dunner. There were a lot of new people arriving to day - it made The place seem quite different. Une of the new families look gute Maline, every one was yoursoling as to whether the Williams would let them stay - They did

I with a 6 mos. It baby too. We were a but surprised. We all were in for dinner about 6:15. When Mr. Williams came in for denner about 7:00 he hold me my broken was on the jurch warding for me, we were about Jurisal with dinner so we frusted caling before going one. I was sure pleased to see of any, Honey & their two logs. They had been down to avalette to see Stelen, Honey's sister. Bobbe & Sterl were very anxious to get on the board on The point we all walked down thru asbury Park on the boundwalk. Wother or Her were great on the amesements. We played she ball, shot anyland and shot at Japa - some Juni Baba & Many Lon vode on the merry-go round some more. We all walked nearly to the lower end of astrucy Fush boad walk - It was absolutely packed with people - some difference betiden tax. Theght of a week day might, more than him as many people Kay had quite a lime heeping Bobbie & Hert away from every amusenen center. Wother or Mary returned to the Shotel above 9:00 will the children.

It was manys turn to stay with the children to the evening. I wanted Intother to go to a more with me but she want interested. I breated Kay, Honey & the boys to some see cream - they left for home shortly after 9:00 - I sue enjoyed seeing them I movie James Cagney in There is Blood on The Sun' - a fairly good justures. The boardwalk was still prached with people when I came our about 11:15, lame back here to the Arberton I was surgerised We stayed there & talked until about 11:45 before reliving - it sue had been a long day. To sed 12:00.

1/22/45 SUNDAY:

Afot o showing to day. Dot up about 7:45 - got all dressed up for church or went down for breakfast about 8:30. After breakfast we sat on the posed for awhile or about 10:00 we all walked over to the Ocean Grove Auditorium to the Sunday Morning Service which started at 10:30. I took a couple picture of Mother, Many of the girls also a picture of

The auditorium. It remended me of years ago when, as a boy, nother look me to hear the storm played on the Andstorium Organ. Or was a very impressive service - we had reals right in the center of the place. It was filled to capacity (10,000) - in was The largest gathering for a church service I had ever seen. We heard Dr. R. G. Turnbull, pastor of the Betalehem Frestylevien Church in Philadelphia - he was very good. The sewere was over at 12:00 - we walked back to the abelian - boy is was see hot & showly - looked like rain any munule. Had dinner at 12:30 - a swell turkey duner - boy they mere feed you at this place. Balo & Way you get full sewings of everything of they can't eat in all so I help them - I really ear too much, but the food is all so good. It started ranny after dunner I round more all afternoon - a very dull afternoon. Mary juit The guls to bed for a map - about 2:30 I came up to the room for a man - stept until about 4:30 - boy what a lagy day. It was still raining when I got up so all we could do was set on the pack.

The posch was crowded as that was all any ove could do this afternoon. Sar on the posch until 6:00 & them we all went in for supper. It seemed about all we did to day was lat. Mother of Many would to go over to the Raditonian for the evening service at 7:30 but it was still raining. The posch was so crowd with all the quest by the time we got our of the dinning room that we couldn't get a chair - so thousand, Many of come up here to the work of the work of the watered it sain on our little private justed of watered it sain. With the rain it base cooled off a lot, or it is quite comfortable there in the rooms to night.

7/23/45 MONDAY:

To-day. It rained all law right of was still raining when we got up at 7:30. Went down for breakfast about 8:15 - bad to wait gimte awhile to be sewed - They don't have knowf waitress in the dinning room. After breakfast about 9:15 I walked over to ashing Park of got the car. Stopped of Took a movie shot of the sign at the entrance To account sook - as I was diving them

Ocean Grove the starter thru in again, boy I was you such, for I thought I was really such. I look the other were off the starter switch I that seemed to correct - at least I got around to the liberton & packed without it throwing in again. We packed our bogs T about 10:30 walked down to the boardwalk. Hay let the gut play on the sand. It was cloudy but the water was 70 so I decided to take a last dy in the Ocean. Babs wanted to go in with me, but Mary Son decided to stay with many & mother. The water seemed quite warm - I had a lot of Jun helping Babe group the waves - she sure is a good sport. We came one about 12:00 - Mary came in to meet in at the locker I we cleaned the place one, brought all the lowels o balking suite back to the car. Came back to our soom at the likelon to waited until the guest all went in for bruch then I had Clarence the Colored boy bely me one with the bags. We didn't want to have a prouch full of people as an audience worthing un grach The can to leave. Sand good - by to Mr. & Malians & left about 1:00 - drove over noto Asbrung Park

and stopped to get some souvenir at the 5 & 10 cent store. When we drove on down To parked mean the boardwalk - started looking for a place to get some lunch, finally ended ye by getting some hot dogs & french frue potatoes at a lille eating place just off The boardwalk - quite a contrast to the Orberton. Often caling Baba & I played a game of mwature golf. I had promused her I would play a game wie her - it was a lot of Jun & Barbara ded gruse well. I had Mary take some justine of en both movies of slille. It was quite cloudy & rainy this afternoon - I got some justine of Babat Mary Low feeding the jugeon corn on the boardwalk. Wats or many for had one last ride on the merry-go - round I we left for home about 3:00. Drove up along the shore three Deal, Sea Birt & to attantie Highlands, ron mis some rain. Jook 528 one of teypore who year Bruswich & then To Bound Brook & so on home that planned to stop at the Sweedersh & for denner true it was closed so we stopped at Howard Johnson just below Somewille - got home about 6:30. I called Dad after unloading the can & ordered a

Christen - he said I could have one so I drove down about 7:30 had a mise char with Dad & Belly about our vent at the shore. Dad war gull discusted with the weather - his wheat which was our over a week ago is still setting our in the field of is stailing to smow . It has rained everyday for the years week up here - we sure were lucky at the shore. It cause dealer stoyed in at Dad's he rold two cows for beef. Went over 8 got Fearl to help load them. While Dad was taking care of the coule I cauge an old hen & billed and jucked her. also got a dozen eggs for mother Wolfer called & asked me to sign as A wige Is the roader so on my way back I stopped at Bill o Jays. Also stopped as Anna's for a few montes - told Them about our went as the shore -May were surpresed to know we had fairly good weather - it had been so bad up here. Both Belly Jay & Havey ann had bad colds or gruppe - and had The doilor to -day. I stopped at IN atter algranges on my way back for

190 with & bread. Spen the rest of the evening talking with Wany & Mother and doing some reading. To-bod 11:15. 7/24/45 TUESDAY: I arthy cloudy & rainy to - day. Dot up at 8:00 - called Belly after break, Saw of learnes that she had 2 letters for me - Dad brought them up to me as he was coming up to Kamseys with eggs. Both letter were from Lay Jawin - one a business like in which he told me about Jackman calling with regard to the Blueprine Reading text. It's cooling more than Syracuse wants to pay to have it letter see - about 2000,00. The other a letter which was rather personal - told me about him check up at Syre - They diagnosed his hobbe as being from the same cause at did Dr. Filhart so he is going ahead with his operation at John Stopling Mopulal in auguse. I washed the can this morning - got all the salt spray off I in which I carried home from Ocean Grove. Also did some expression with the starter switch - got it so it work from the dash swith, I called for Flanden at Joly

graphic Co. in 4. 4. C. above 11:00 - learned that the proofs from the plates for Vrec. Mear. Vol. I would not be ready for a couple of weeks. If they were to be ready this week I planned to go in to review The proofs. Della Walker called Whis won, Many of are planning to go down to see she & Chalph to morrow. Alad a well roan chicken dunner - country style - some contrast to the arberton, but I liked in beller. Helped Wolfer with the droken after dinner. about 2:00 I drove Many up to Clauton to the beauty parlor - I came back & styped in Lebanon to mail two movie films - then drove to Somewhere to get the can greated. Morred in the Buick place That my bead lights adjusted - they contint. grean the con for me so I look it to an Esso service station. Did some stopping while it was being greated. Hurred home at 5:00 - Many had gotten home from Clinton, got a note to annandale & Mother and Kay drove up then for her. Elfter selffer I were Infany The gule down to Annas to see the white betters - many gave them to anna - I was surprised that Babe &

192 Mary Low chance seem to much very much. Bala did shed a tear or two after she came home. I look some moves of stille of the And with Belly Jay & the betters. Run Queseine belged me with the children - I do hope I got some cure juchner. Anna was gute pleased to get the botten & so was dint of alterie. Many helped we finish mowing the lawn at Wother - I had some her Hedding Wary about working hard. Will o Less trimmed The smilberry tree in from of the house for Mother. I took a couple juctures of Babio Many I'm in The mongs of also in The brancher of The mulberry tree. Many or the gula helped me pack the can - boy we sure had a load. Had a bite of lunch about 11:30 - pueded packing the car of above 1:00 dove down No Dasa - got 2 dozen eggs & raid good - by To Dad, Belly & Mable. We were on our way to Enducott about 1:30 - botes to Wolfer on our way back pass her house. We made tanky good line coming up drove up then East Houdsbury & up three Caradise Valley - Many wanted to see Very Crawfords "Pine Brook Camp so I turned off & drove in part the camp - the road was lived with bods laking a hike - there mue was a mot around the place. Stopped in tack bummer ar our usual place for

mulh shape. Many dive from franton to Johnson City - stopped there for some growing. Dot back here above 5:45 - Babs to Mary Low helped me unload the can - called Cay Jawis to found extrything was going along smoothly at the office. After having some supper I started to mow the lawn - it needed it very badly. Dwayne stopped by he was just getting back from Connectioner he I his family are living over at Wennon Com. until fall - Edwa had to stay there with Larry - who is such with a bad throat. I told Dwayne about Jackmana request that IBM help with the cost of letter seeling the Bluepunt Geading book. Dwayne wants to talk with firk about it. I called thus Very to also yech Guichabother to origine about places to buy but they were both our in face Bur Terry was on Vacation. about dark I drove over to De Ventia - Keys got back yesterday from Washington - Charles had moved the lawn last Friday so I paid him. Urranged with Keys to mow the lawn to morrow. Many & I ment a part of the evening discussing the prospects of moving - we sure don't like the idea.

We more or ken agreed that it would be down to \$10,000 00 for this place. Many seems to think that even 10,000 00 in a by price for this house - I agree that it is, but not with the greent rates being pard in this area. Too caught up on reading the paper-I forgot to have the boy stop trunging the Bing . Frem o The Endecore Daily (Bulletin so we had a jule of proper stacked up on The front porch. I don't feel good this evening - I guess I ale too many peacher at Wother for breakfast of for bunch - it gave me a stomach ache. Turned in larly -10-bed 10:30.

7/28/45 SATURDAY:

helped Many with Breakfast - it looked very rainy - I called days about 9:00 the hadrit over your yet - said he would be right over to mow the lawn. It started raining about 9:30 so he never got ito it. The wait man brought our him class mail which he had been holding, while we were away or vacation. I had about, a dozen fr. Chamber letters - Many had

a stack of mail too - we had a lot I sun opening all), our mail. It raised all morning so I helped Wary clear around The house - helped then change two The bed rooms around - you the twin beds in Wabs from room or jul her double bed in the lack wom & lived in up as a space bed room. We are going to try howing, Dals I'm any you sleep in the same room using The Twin beds. Helyed Wary with denner also did The dusher after lunch. Anichestrocher called about 1:50 of read the would stop up to see me. Many It I looked over The adds in the papers - our they are very discomoging - one person pever offering a 25.00 reward to any one adversing them where they may find a place to rent! here year sout a chance of gelling anything to rent, everyone wants to sell but at a very bagher yourse . The saw i my Wearing and in The paper - so I called him I be think have anything but is going to let me know something does come along. The mentioned one place he expects to have in a few weeks both Wang & I believe it in Vicionar place on Stover ave. Tick arrived above 2:30 - be

is the same old Which - lots of business - I didn't let him know that our house would be up for sale - just that we couldn't build so I had decided to look around for a place to bry -Add him what we wanted - he dedn't have a thing ar present. He told us about having sold Baken house for 10,250.50, boy whow a puce for a little buch bugalor. After talking to Thick we felt that 10,000.00 52 even 12,000 50 wasnit a bad puce to this house. I'm face he said he had a party right now who would be willing to pay 15,000 00 150 this place. I raise donte it, for Which like to Talle. Ollow 3:30 Many of got Wary for up from her man & we all drove over to Binghanton. shopped for Gain Coals for the girls of also bought some groceries - boy the prices for vegetable are absolutely one landish - sweet com 3 year for 25 \$ -Tomatoes 35 & a ground & everything in sky high. Drove back to Enduste about 5:30 - stopped ar Baton's - Mr. Barlow was just starting to lat signer - 25 we down on down boun to do some shopping & stopped back about 6:00. Had gute a talk with John Barlow - I told him Many to I had thought the waves them throughly That we world be willing to pay 2,000.00 down

4 80 yer worth payment or in other words pay 10,000.00 for the house. Barlow wouldn't accept that down said the prayment could be 80 per month on The 72,000 to piece or in other words he would shade the progress of sustend of them bling 190) the balance free mouth They would be less. Many of I didn't may one way or the other whether we would be willing To accept this arrangement. Had quite a discussion over the whole matter talked for nearly an home - a hald shower came rep & Babs and Many Low came running in from the car. Barton told in about Starbuck paying 12,000:00 for a little 5 wom lungels to also about many of the IBM house he had sold. The street to leave our offer 1 2,000 . 50 dam & 80.0 gree mouth stand until he had an offer of 12,000 to for the love o Then we would letter tollow them on this Ofer or be would sell the place of we would Thave I months to find another house. I lold Barton we would their the waller over & I would probably see him again in a few days. It was rawing hard when we left about 7:00. Drove home I had a very late supper - helped

Many, but it was really 8:00 when we had our

denner. I had gotten two 8 mm. Jelner ar Stickleye one color to one black to white - Jein had sailed them for me - They came too late for my vacation but I took them anyway. I might to up some new DK 20 developed to - inght to developed \$2 35 mm Jelne to 2 Bantam Jelmes which I had taken on my vacation. Many worked upstaine here, cleaning one breeze draws to the hall closet - The bids have about liverything filled with their togs to books.

To-bod about 11:30.

Dladyse prohed Earl I me up at the plane as 5:00 - dove our to my house , Box dressed for golf o then I dove Wany to the children one to the club. We all had a bite to ear before playing. May left the gut at the play ground. We had some in with the golf, our ony golf or terrible. Eladyse gave me some guardere - she is a fairly good player. I also borrowed her note book with the data by alex forms on his method of playing golf. I whend to sady it & by to improve my game. - We only played 5 holes as we had to be back as the club. an 8:00 to ger Bolo & many Jon - the

play ground closed ar that how. Had some more take at the club on the back tenase. If any got quite interested in the golf - even made an approximent with Eddie Buhn for a lesson next mesday. That is what I need, some lessons! Home about 9:00 - Read the papers, listened to the radio & to-bee about 11:00.

8/4/45 SATURDAY:

Dot up about 7:10 - partly cloudy Tool to -day, gente windy. Drove down To the office at 8:30. I saw . + red Miller about our Instructor training Program that I want to start. For his approval on the program - he gave me several suggestions also indicated it would not be necessary To write to Dwayne for his approval, my'gested instead that I lee him honor we whe planning to conduct such a program. asked Fred whether things were shapping us so I could move my office I shaff back who the school the si. of text. He arrived me we could. I worked on the write up this morning on our training program for our War Effort. Had Johnna

Morres stop over to show him what I had done. Ate told me The information was to become a part of the records of the War College which is composed of officer of both The Chong & Wavy + Executives of the leading, War Industries - Stan Evans & The Grussian slopped in to see me this morning, Stan is now with the Veteron's administration, working one of the Bughandon office with Mr. Kurman. They brought me up to date on some of the Changer in their see - up. I received a letter from Paul Taber This morn to-day. Drove home at 12:00 and after lunch I washed the can . If any received a letter from Kalph & Della Walher this mour my - Ralph has received his order for the Souls Parfix, so I suppose he is very happy . He had been brying to get over rem for about two year. Drove down to Smith Darage about 2:30 & got my can garred up for the drive to N.Y. C. sturned home packed my bag & dressed - Babs couldn't want for me to drive her to the Country Club she walked down to see the Water Carmial at the IBM Pool. Wen Van How arrived

about 3:15, he had 3 Espadian soldier with him - he had brought them all the way from Rothester. The Jr. Chamber Sollows who were planning to come with Bet couldn't make it. Ben left his can (so Mary) had it to use while I was away) we were on in more - dropped the soldiers off at The U.S.O. in Bughanton, then stopped as the alington to juck up Sot Barren about 3:30. Had to wait rentil 4:15 for Bob - le was late. We made good line when we once got started - got to Monroe N.Y. about 8:00, that in about 10 to 15 miles below Meddletown on route 17ho N.Y.C. Had a little house funding Walter Jums place. Water sure had a nece set up for a Summer Home - wet his wife Duny & a number of his family, sister, sister - in - law, cousin, aunt etc. I helped Walt gull the steaks - boy we sure had a feed - plenty of steak, com on the cot of drubs After that ride we were plenty hungry some friends of the Trum's stopped in to call so we really had a party. One of Walls aunes told our fortunes by reading palms - she sure was funny. about 12:30 Wall directed un over to his Dad's Farm Stone where Bot,

Ben & me stayed for the night - it sure war a lovely you. Wate had to go to early man at 7:30 so be suggested we all have Breakfast about 8:00 & leave for N.Y.C. about 8:30. Ben wonted to be at the meeting, on time at 9:00 same he had a part in the morning, session. Therefore Bent of arranged with Bot to stay of we would get up at 6:30. To bed 12:45.

8/5/45 SUNDAY:

A beautiful day in N.Y.C. Bere & I got up at 6:30, boy I feter tough. Had too much to low to low much to druk law night. after dressing Ben were over his talk - I look a look around the Trum Farm House - it mue is a lovely home - much meer than I had thought last night. Took a couple of justines. about 7:15 Ben & I dove over to Walls home to let Denny know we were going on early she showed us their 3 children (2 lays & 1 gul) - cute hids. WE left for N.Y.C. about 7:30 - drove down route 17 & over Sev. Washington Bridge & down the West bede partway to 46 th. St. Il sure war a beautiful dive . Arrived at the Governor Clavior Stoul (31 st St. & 7th Ave.)

about 4 min. of 9:00. Best I'l went sight in To The Jaycee Institute meeting - the session were teld in the Bovernor Opon. Ben Inhoduced me to Henry Jeann, Hat. President, Dwynn Westzel, Nat V. Pres. in charge of Public Relation. Also mer several of the other fellows who were there. The Jayree Institute got under way promptly at 9:00, Westgel was Dean of the clustitute of hepe the progra gany on schedule. Ber & I didn't even botter with any breakfast - I guen Beter stomach warme too good either after last night. Had a 10 min. intermission about 10:30, I slyped ou & got a cup of coffee, Bot & Wall arrived during the intermession. I was very much impressed with the meeting of the whole rdea of the Jaycee constitute. Henry Kearne sure is a real leader - this was the 4th. such dustitude which he of the national boys had conducted throughout the country. There were about 60 m attendance - the group con series chiefly of state Jayree Spices from the Her England & Whedle atlantic States. Defferent Cayce leader took par in the program both Ben & Harry Shall had a year on the grougeam. The idea was to educate

all the state officer in fr. Chamber activity. I was most impressed with Jom glide talk on the early bustory & development of the Jr. Chamber. The morning session adjourned at 11:45 - they gave un 2 hours d'a quarter for lunch. Hildebrando Vicosia (NICK) had arranged with a little Against resturant (The FUNDADOR) ar 117 W. - 47 th. St. to serve a spanish burch for a small group of us: There were about 12 of us I dove Which & three of the boys up to the restmant. Had Herman went with us. Hich had even arranged to have the Fundador open at 12:15 motered of 1:00 just for in. I had a nuce that with four Reid; he in V. Ones. of Melanie 865 - mfg. of spice - be asked to vine IBM - I gave him an official invitation. The book war very good - a sparesh desh - Which had a mane for it bone I came say it - what it war - boiled chicken & rue - Me me war highly seasoned with various sprice - mostly mustand. They sewed a light were with it - a swell meal & all you could ear I druk for 2.75. Joe Washerlets stopped in late with his wife & some other Jayuer. I stopped over to talk with Miniam. Our afternoon session got under way at 2:00 but the meaning dragged a bit.

It sure was a lot of talking to lesten to at one time; even though the subjects were interesting. There was a different speaker for every topic so speaken changed about every 15 or 20 minutes & that belyed been things enter esting. You Washedele had a spot on the afternoon session, he gave my Jayre 24 and a good plug - he borrowed the sample manual I had with me to show the group. Joe had arranged to have members of the British, a several of the South American Consulants attend our meeting of in the absence of any member of the Voung Men Board of Trade in N.T. C. Joe Efficially welcomed the group. Joe sont liked by a lot of the Jr. Chamber leader, for he isn't Too tackful in some of the things he does, but I must say for has a lot of good ideas & he me is plugging Jayce, for which of have always admired him. It ad no when mission this afternoon - melling went right Three to 5:00 - Then from 5:00 to 6:00 we had a question of answer great with The Mat. Officers on the platform to answer question. That was the most interesting session of all. Henry closed the meeting with some appropriate remarks & encourage all

present to go buch to their respective states of conduct smaller institutes. Adjourned at 6:00 but it was 6:30 before we could get away - had to have the risual round of Janualles. Bot, Best & I dove by the Fernsylvania & jucked up Ed Walson. We came back then the Holland Tunnel I up route 22 - the boys were bungry so we started bothery for a place to ent about 7:30, stopped at the Swedish Amongslong of the Ranton Farm Gestinant, of two resturants along the highway at Whitehome but all of them were either closed or were not severy mede. I stopped on Dade but no one was home - then stopped as Mothers to ger the cannon - Many had called her so she was expecting me. Bell & tay were there, having you brough whollow home. Whollow had some wege-Tables all ready to me to take home. Introduced her to the Jelion. Called the Clinton Home from Mother & found they deduce seve after 8:00 so in wor too late to ear there. We down on I finally volopped at a resument just above Bullwille, had a good dumer. It was about 9:45 when we less thee. I let Ed Walson dive from Mere regir on 1hm to Benjanton - De les Bot Bajion our as the Reliefon, be planned the stay the the rugar - it was about

1:00. I dove on home - Many beard we come un I came down un a night role - met Ed. Ben 9 Ed wouldn't arrege our initation to stay over myter - Ben had to be back early in the morning so they were on their way. I were right to bed, but talked To Many until after 2:00. I told her about the trip of she told me all about the things she to the gul did over the weekend. Many played some golf, took the gut to the Beinghammen C.C. for dune to day,

8/6/45 MONDAY:

It very rainy day - rained hard all day long. Bot up about 8:00 - called Eddie at the Buch Garage & told him couldn't brung the can in this morning - arranged to make it to morning mested. Drove down to the office above 9:00 - it sure was quet at the Spe to -day Lay & Valla an boll on vacation o Mrs. d. warns in to day - she had to assend a Juneal. dive home at 12:15. Many had expeded me home for lunch as I told her I mught be home. She was some when I lote her I had later. I felt so bied after the hard weekend - I laid down for a map & slape until above 3:00 humes both to the office of found a were from arch Davis asking me the cost to IBM on the bookler Epportunities fra Eadership. I hier to contact your Collecter to get him ideas on the con as Rochester - Jurially learned your war still here at the school. He referred me to Jack Buridge who will be here to -morrow morning, alked with tred to day told him above Ralph Wallen leaving for the basejie - Fred had just in a good word for Ralph when he was one there; which had apparently done some good - as Della bad raid of alph was called by name from that Theater. at 5:00 I drove home stopped by The store in Endwell & got Many some organites groceres. Helped Many with the desher after supper. Did some for Chamber work this evening - read The paper - BIG NEWS TO-DAY! Truman announced the we of the first Atomic Domb agains Japan. One atomic Bomb as surry, an 20,000 of our largest T. N.T bombs. Headliner in the the englanter then was

POWER OF UNIVERSE LOOSED AT JAPAN

BY ATOMIC BOMB — Our Missile Has

26,000 Ton T.N.T. Strength. Somehow I believe

That is a more rignificant bit of news, not

only will it shorten the war against Japan

or also be a tremendous force for continued

prese but it will change the completion

of many things in our present living

as well. I read every world it said in

both the Press of the Bulletin about it.

To-bed 10:30.

8/7/45 TUESDAY:

eye about 7:00 - hurried around of about 7:45 drove the can over I left it at the Buich Barage in Johnson City for a complete motor job. It was has 71,000 miles on it so I believe it has larned a motor overland. Cy Ma Elwain justed me up as I was waiting for a bus o gave me a ride down to the plane. We listened to the news program on the can radio - everything is on the Atoric Bors - boy that sure is a great discovery! Had a busy day at the office - most of the people were back poon this vacation.

Answered Arch Davi were requesting the cost to IBM for the Jr. Chamber bodeler Opportuisies for Leasership" - I estimated it as 860.00. Had a long session with Was almon this morning on the apprentice program and the present setestion with forestal. Man of tried to figure one why Charle Buch in apparently trying to please Forestal - the letter be received from forestal require that we do everything for approval of our program that we would have to do for affiliation I done think to should be necessary but you called from Stuner at the Uttin Elevator Co. To day & learned that June had just your then The whole thing are him plant of he had to do all the things which forestal in requiring of us. Was is sure disturbed above is. Jack Burndy was at the school to day - Whise Hamma the speed typist was also there to gue her demonstration to the guts. He guts in the office also allerded the demonstration. that hunch this moon at the capteria - are with Blackwell. He was very much interested in it o as planning to workede the stony on the movie - also the sleder on Bluegrent Glad ing. He treviewed a sound slide film entitled Double Horseshots with Has almon, Earl, Bob, Lynn & ten Space. It's a very good Jilm. Called Gun Terry this moon a arranged to see him someline soon. Called Eddre at the Buch Barage - he is not doing so well with my car-well now have it further this week. Got a ride home with Mc Cullah at 5:30.

Many played golf again to day. after supper we planned to play lawn croquette but it rained some - new was shiring at the same time. There was a beautiful rambor - I just the color film back in the free of took a couple justine of it. I had taken the first 11 or 12 justines on the film av Ocean Grove. After it stogned raining Many & practiced our golf swang. Asbert Delenti & Morare Haddon came over To see some more I my mager brile. Hey played dails on the side of the garage while Many of I took a note on our below. Went down the till up Walson Blog of back up Howe To home. Tens an accident on the corner of Browland ave & Watson Blow. - a brush had beet a grole - nothing servous. Had some fun showing the boys a few links. They were home or 9:00 - had to almost just them out of the house. O repaid some Chemical for my photographic work to might. at 10:00 I listened to Pres. Trumans radio address - telling of the decision made at the Forsdam Conference. He mentioned the use of the atomic Somb but said Junia had agreed to declare war on Japan Refore

We started using Their new weapon. He
Threatened Japan with continued Ottomic
Bomb attacks until she surrendered. The
peopless to night announced that the 2nd.
Ottomic Bomb had been dropped on
a Jap Haval Base. Tobed 11:00.

8/10/45 FRIDAY:

I arlly cloudy & warm to day. For up ar 1:15 - after breakfast hurned on the radio of heard that I apan had agreed to accept the yeare terms of the Otsdam conference with The condition that the roolinguity of their Fremer Sterobstor should be distroyed. It sure looks as though it will soon be frushed now. Japan is definitely cracking - the Olomie Bomb sure did the trick. The Cullate itspel by to me at 8:150 gave me a rude down to the office. Me was all exceed about The news loo. Mai almos & I tries to see Jack this morning but he was hied up - had been one of lown all week. about 9:30 their war an announcement made over the P.A. System for the plant Selling all of the employees about the Jayane france offer The news that the U. S. Cabret had

been called into a special session to consider The matter. This sure is a great day in history - even the air itself seemed to be filled with expectancy. About 10:30 I had a real surprise - art Roper walked ento my office - I had seen him in mearly 4 years. Her on Vacation - so be & Margarte are voit my Carl & Many Stown for a couple of days . Hed a swell that with Art - talked over old lines. Ate in sill a Customer Engineer at the IBM Office in Hewark N.J. about 11:30 Itook and over to the capelerin for lunch - be wonted to see the place. Right after we de I gave the a low of the plant - he had never been in either building 41 or 46. He sure was anaged at the Change that had taken place thoughon the plane. We stopped in to see Van Gorden, art hadn't seem him send he was in severe school. For back to my office about 1:15 Au left me & promised to stope by & see the family. Man almon & I got in to see Kirk this afternoon on the appendice see up. I called The Cullat to come in I join us. Tich was buy with Bill Lews o John Hopper composing a notice to be proved segarding the closing of the plane should Japanere neace

offer be accepted and V. V. Day as announced. apparently the plane well close immediately -Caupman told me later that Wesh made an announcement over the P.A. System ar quiling time to that effect. In fact of se or announced over the weekend the plane will remain closed on Monday & in well be a boleday with pay. Well we had juite a session with Kirk -I was suppresed that he were over all of the letter of dala from torrestal very care -July - he seemed to be in favor of domy all of the things torredal requester but we were able to sell him on regerting the me of a state certificate & also wany ble state men on our apprentice agreement that the student can consult as any line with the representative of the State apprenticisting Council. I was glad to hear Charle say that we want the boys to consult with us. the is answering the letter to Forestal. Charlie took the graviturity to pull my leg a little about the Den. Eda Program - be must have his fun - but why as my expense I still do not know! Learned that When Hood from Washington was there allending as presoned conference - I called her to war glad to leave

that they plan to prepare a Bulletin amoune my Their Fall Program. Sot a ride home with Earl & Bladys Canfman as 5:00 - They waited while I changed into my golf logs of them we went on one to the IBM. C.C. Many o The Children had been one there all afternoon in face Babe had been there all day - she got a ride down this morning with Charlie thick when he door tally down, I tay I see gul were just fruishing their supper - Earl, Bladys I I had something to ear of then Many goved us as golf. We played 6 holes - my swry had improved but my game was still very bad. Trushed playing about 8:30 - Earl I Slady drove us over to the Johnson City Jarage - I got my car - they had finished the motor job bin didne ger the new chilch in so I'm going to take it back later. Bee The motor sure sounded different of worked much smoother - but that child just about get me down. Gead the paper o lestered to the radio of To-bed at 11:15 - Boy then days at the JBM C.C. are sure doing as als o Many Lon a doc of good. May have sugressed so much in the pass few weeks.

8/11/45 SATURDAY:

Clear of warm to -day . Tot up about 7:15 drove down to the office as 8:15 - the radio was bugging with news this morning above the possibility of Japans Complete surrender to day. I for Just heep feeling it can come any munite now. I lived to see Charlie Gich this morning about the Bluegrant (Cading text, paying Syrause Umr. Pren 1824,00 to arrest with letter selling the manuscryt. Charles was died up all morning. Jack Van Dorden stopped over with the write up on him training activities for the Charace Dept. Stad quite a chat with Jack he always knows all the dire above The days. He brought my the Sill foliason case again - I learned that Bell & Hary had gotten married & then Manya John had re annulled. At leave that in what Jack had heard . about 10:30 I called Ruth June I then stopped over & got the recept for the same to the hold dogs to use as on prime next Sat. I had the gul all work on the bulletins this morning, pulling The name slicher on the envelopee.

ment some time with Earl Gaufman on The clusturation Durche he is meparing for the stide John four with the LBM Card. Called Eddie at the Bruch Garage of complained about the brick motor being very nowy - he explained May had no new rother shafts I had to your in the old one that was worm - I contend be shouldn't start overhanding a car of he dosn't have the necessary new parts to use. He promised to jut in a new one when he getts them in Drove home at 12:00 - stopped ar the locker of in Endwell to get some things for Mary - home about 12:30. Mary had a will steak dune for us - baset had sleah in weeks. Itelped with the disher I then ded some cleaning for Mary. Started moving the lawn & about 2:30 Keys came over or book over on the lawn. after Sunch Baba walked down to the good with Sally & Sherley Kirk. Above 3:00 Hay & I drove Many Lon down - I took some Color slider of Bat o Marybon in swimming also of Sally tink. Finished the color film I had in my Lieca. Babe showed me how she could swim - she heeps her head under the water of your water har hande & feet

go like the devel - can swem about to 5 feet. The can also duck down to get things from the bottom of the good no it want be long before she can really sevin. about 4:00 we all were over to Burghan ton - I got the film of use had saved for me (1-8, m.m. Black & White) (1 Bantan wood of 1 Plux X) Many o bought a lovely pair of book ends for Vera Thelps for her wedding present - we are amorted to her wedding next Sunday in N.Y.C. but are not planning to go. We were to forter to bought raw cape for Babe o Many Low - gelling them ready for school. Hopped in the Boston for a will shake & then unlead of coming home we dure right on down to livego to see the Owego fair - I stopped in Endrede as Striblege of got some ANSCO Supreme Julia I had bried every place for Paratomic X but Just came get it. He were all very had to pay 60\$ to get in The war precly leville - desty, dusty & slinky - boy who a set - up - my edear of country fairs reached a new low. We wished then we had gone to the IBM Hegge as Johnson Fried

IBM ball lear played the hyplets to waget. I had litets for it but war afraid the gule wouldn't enjoy the game. We drove home down the other note of the river - at least the try gave me a chance to get some mules on the car to treat in the new rings - I have to dive 40 or under for the first 500 miles. Morned to see Gunel Jerry the real estate man in Vestal bore he want home. But home about 8:30 still hadre had supper so we were all very hungry. I helped Way ger some toam sandwhecher ready. (Kadir still bugging with new about Japain possible surender this evening. The allee did not accept Japana first offer in which May asked that the Emperor Stinger be left or their somme when. The alles or as lease the U. A. did give their reply to -day in which they made in clear that the Emperor world be subject to on Whistory Command. It rue pleased one to know that we when accepting any condition from Japan - I want to see an unconditional surrender the same as was done in Germany. In face I would like to see thistito laken off his peach in

Heven to gent under the Earth - you can't Tell me he having played a bray years in the Japanese War Plane. I developed a 35 mm. film to - might - The first one using MICKOON Developer! The radio reports this evening whe Contradictory - one rejust (unconfirmed) soid that Japan had accepted the place Terms of the Allies to another rejust said that They had been rejected to that the Japanese mulitary had been rejected to that the Japanese will imagine that the boys in the Pairie well imagine that the boys in the Pairie are sure on edge. Pray God - that it will room be over ! To - bed 11:30,

8/12/45 SUNDAY:

Sot up about 8:00, helped Wany with breakfast of do some cleaning. About 10:00 Robert of Jeys De Venti came over to finish mowing the lawn - they brought their lawn mower too. Bak of Many Lon came out to play of both Robert of Kleys did more walking on stilly riding biker of theory dark than they did mowing lawn - I had to keep

remoderny Mem of the lawn. I washed the can o polished the shrowe - their was a lot of greese on it after the motor got law week. I also cleaned our the garage I washed or hosed the floor. Then I started trimming the shrube around the lawn. after lunch I helped Many with the disher of then worked until about 3:00 on the lawn, trimming award the walter - came me ar 3:00 & look a map until after 5:00. Then I shaved & got dressed - about 6:00 we dove up to the Bughandon C.C. for supper. We had another swell fried Checken buffer oupper - met o ale with the Strumphrier Mr. & Who. Charles Humphree & their two daughters) their older daughter Anna Marie bad gross graduales from Jochester Technocal christitute where she took a course in Commerced Photography - had an interest. they char with her on photographie. He is marrying Don Hartwick am IBM Customer Eng. in our Washington Office. Clas are with the Eugen of Sam Horse - Sam said be yelans to come down to see me above a juding marcial he or judgering at threw. geft the club alow 8:00 of deve down to

Endwell & got the Sunday peaper - also dove around to Vera thelps home in Endicote & left the letter or wedding present for Vera, with her mother. Many of had never met her mother. Bot home about 8:30 - read the Sunday paper and at 9:33 a flash came over the radio that Japan had accepted The allies peace Terms & The War war over. I told Wany, Well this is it. and we both shouled of I had Many wake Barbara up as I Thought she was old enough to remember the occasion on war something I thought she would want to remember the ren of her life. Babe came running down stain I grimped up on my lap - I proceeded to tell her the war was over & that Johnny would soon be coming home. Then they announced that the flash had been unfounded to that officeal word had been received from Hutes Frem that some one had one un on their system of your one the julie report - they said they were unvestigating the matter: It was later reported that there. ruman had been to bed for a half born when the region came them That there would be no official amountement until 9:00 to morrow morning. It seems there always has do

be at least one false report. The same thing happened when VE day was announced. Bate went back to bed - Many & I decided to make a custand prodding, - I beat the eggs & mixed the ingredients to gether. It turned our swell. I loaded my I freis Silver cartings this evening. To-bed 11:30.

3/13/45 MONDAY:

clear & warm to -day. Tot up at 7:00. drove down to the 8 fire at 8:00. Went over to ree Bill Lewis about having a manager meeting this afternoon. Will told me about the buy weekend he I some of the boys had as the yeland - The & thick made recordings which are To be used when VI day is announced. Will suggested we want until fruller developments before calling the meeting. I called them back again after lunch I found he had called a War Prod. Idveron Commeller meeting lace this afternoon of there fore we could not have a managers meeting, Tay favor called I com home to enquie about it, I called Kay back & advered him there would be no meeting - as least of any draw have To cul his vacation short & come in this afternoon. I stopped over to see form

Joner about the certificate for Sanfore - he had great fruited dangury a new dyloma It the current System Server School - 72/2. Watson dedict like the old one or the new small over which had been all prepared. Bruce of then had their boys lived up to take justines of the plant of the people milling our if o when VJ Day is aunormed. I noticed they exceled a stand over by the lab. In the photographer to wee. I saw Gerk this morning or got his approval for the expendeture of 1824,00 to subsiding the Syrama Min . Pren in prenting our Bluegrent Gooding ten by the letter pun process. Whole Dwayne & Jackman advising them) This fact. Called Daven Cullen this morning - his little gut or such so we called off our meeting for their wining on the Triple S jungram. Had bunch as the cafeteria - about 12:15 I drove up to the home. Tot an 8 min. film back this morning - projected ri - an ansis film - not no good - splie to wide on one half of ook some clother to the cleaner of ry. To the office about 1:00. The girle privated preparing the balleting for distribution to - day, We are all set more as soon as we have our Manager meeting.

The radio report to day stated that Japan had not received the aller reply until to day. Il is believed they are just stalling. Tool home about 5:15 - stopped & got a boof y bread. I may o the grote hadn't gotten home from the club so I drove on out there. Found Them having some late on the back lurace with Sible Newing of her young daughter - I look a comple preturer of them. Had some tale of Then came home - saw of any & Warrams as The yord - Took a justine of Tun. Schangel ruto my old clother & were to work on the Sum - Trimming around the garage, dreve the Mary came out & helped me - we worked until dark. Cad The propers & Then deaded to They our lush again on a custand judding -The one saw make wor such a success. (has hime Many & I made a schoolate unstand gradding - it haved out well. We had a rample before going to bed at 11:15,

8/14/45 TUESDAY: "THE END OF THE SECOND WORLD WAR" Harry cloudy to warm to -day. another at 6:45 to humed on the little radio bende my bed - war pleased to learn that a report bad some theme that Japan had really accepted the allies grease lems. Although the report war not official, still the sado said celebrahois were starting all over the country. The report from come them about 2:00 AM. I hepe one can glued to the radio while I dremed I had breakfast. Too say at 7:00 - Drove down to the office as 8:00. Lay was buch from his vacation to day. He had a lot of things to discuse - we were both more anxious to have the manager meeting so we could distribute the Deneral Education Bulletins - but with the news reports of the impending place being so very indefinite I know Bill Lever would not call a meeting. Live was un confume with ful more all morning - I contacted his office this moon & was told that there would definitely be no manager meeting 15 - day. We kept tuned in on the radio

views on our little radio demonstrator in the school annex. The reports all money were simply repetitions of the early region this morning That some word had been received from Takio. when the noon a seport come over that the word or menage from Tokio had nothing to do with the peace terms but that a message was then on its way to Bern Durtzerland regarding Japans surender. Boy, the news me has been confusing. It any of I had trench as the capeteria above 11:45. received a call from Jelsey Wager as Goth-Ester This morning - Gelsey was quite pertinedie about the prospects on training program as I hant #3. He advised my waiting will thinge whe more settled to come to Collecter. I war surprised to learn that they had Meleaned 230 employees Hesterday. Gelsey raid they had gone down from a personnel of about 1400 to approx. 750. I mentioned there with to Ray Sheredan in the school this afternoon The assured me that they had had above 7. regular engelogen defore the war to that they were sungly culting, back to me was status, recoming all languary employee. He also said they have plenty I work for the

plane once their was work is completed. I dove home this noon - was very to learn That Bala had a cold of a slight fever. Sol a check I stopped down to the bank be be returning to the office about 1:00. World on the voite-up of our training program for the War College to-day - I have it about half Sinisted. Earl Kangman stopped over over his write my for the wituction manual for Par I of our stade from Jour with The IBM Card He has in Junished ar last. Jun before 5:00 New was an announcement on the plant P.A. System that should brea. Truman declare that peace had come there would be no work To-morrow. Dive home at 5:00, helped Wary with supper o with the dister after supper. The on my old clother & started working on The lawn - Babe to Many Low beloved me some. Many came our about 100 7:00 & said Mr. Truman was to make an announcement on The radio or 7:00. We all came in a few munter of 7:00 of no one well ever know how pleased I was to bear the confund report come over the radio, that The 2ND. WORLD WAR HAD COME TO AN END. This was really it! We all should horray! And needless

To say we all stood up very proudly when the Star Spangled Banner was played on the radio. Attandly before the report had ended on the rador we could begin bearing home plowing on can down on the highway & also church belle ringing. Wary suggested we take a ride down Nown to see the celebration so we all got in The can I'd drove over to Johnson City. Took my Leen along o look a few pretures. By it sure didn't take the people long to hum on the the celebration - the lengto a) the celebration uncreased as we down Three Johnson City of on Them to down town as inghanton. I hadre seen so many can since before the war. By the time we had started were IV. Binghanton in was almost impossible to dive them the theet for the bise who were milling around - doing a make dance among the care. Bate o Many for got a bry buch one of it all. I wan glad They could see it as I'm sure they will always remember it. The can motor healed my terribly Away as starty in traffic - I had to them the motor If to let it cool down - in in still stiff Som the motor pole. We met I rek thellige and the traffic - he had his Cadman line

Spead with him - taking some movies of the activities. We bought a couple of EXTRAS the Burghanton Press & Burghanton Sun had on an Lines - WAR'S OVER I up to the windows of Me can. We dove back thiserede I we I down Ham to. Johnson City - Then dove over to Enderse, Bes. F. Mighway was crowded with can - in boked like prewar days again. The relebration was almore ar active in Endecore - had pair) Washington ave. blocked off, it was no crowded. I done think I have ever heard so many car horns plowing at one time. Tot home about 8:30 - fixed up a duck to fuller relation The occasion. The radio begt blashing near of celebrations from all over the country all lovening. Blackwell called about 9:30 to advise me that Mr. Watson would be on the rado at 10:00, also adversed my sending Wh. Walson a lelegram after the mogram. I called Bay Jawn & advised him of the jurgiam. Ich Her: Blackie also said their would be no work as IBM to morrow and to been posted by the radio sense it may be amounted that the plane well remain closed on Thursday. The radio carried the news IBM closed to - morow WEA. Avc. 15.

8/17/45 FRIDAY:

Clear & cool to -day - got up at 7:00 - drove down to the office at 8:00 - The first day of work after Victory of boy what a day! I found out the first thing that there won to be a man-agen weeting at 9:10 - Way & I had immediate hoper that pulsage we could

present our story on the Fall Gen. Eur. Per gram. I doubted whether Bill Levis would low lesten to the rdea - but I were over to see time. Jaming Johnston was back from Sie vacation - he & Bell advised me that Kirl had called the manager weeling and That There was no line for Education Fro - grams To -day - Bill sure has probleme now - be told me that our program would mobably have to be changed once they got fruited Changery things around in the plant he gave me a tige that the meeting was to announce that all Married Women with him bands gamfully employed would be released unmediately also the plant starts on a 45 hr. week starting to monor. (fay & allended the manager meeting at 0:15 - it was held in 203 - boy we were mue prached in light. With balled to us be about an hour, park a fine tribute to the job done by the managen to the whole organization in the War Production trogram of asked our continued support in the job of converting to preace line production. Charle granted a rasser clearful queluse prombing to The face that IBM had continued making their regular product during the war of theepe

we were already in production also the face that we have about a year boch log of orders for our products. The promed up the face That the manager would play a more in portant part in the reconversion of that our removabilities weighed heavy on each of us during the next ker weeks I mouther. The claimed The job could be completely finished in 6 months, if every one did their part. Bellegere toda gover a gave the boys the gram news of the lay of I all Married Women with husbands gamplely employed. There were at lot) questions asked about the maller. Lay, Man DI werent affected since we have no married women except hore whose husbands are in service. Fight after the manager westing Ray & I called the girls in the office to gether and told them about The meeting to the amountement of the lay off-I wanted them to get the tack straight wo They wouldn't be getting wing edear from any going they may here this noon. Was stopped m I we had a good old that on the whole matter - he told me of some of This experience after the law war - he saw the day after prease he had to lay off 27 of her 28 people in him dept.

Ate was a forewar in the stop - he of one other man ran The dept. for about I month. Out leave things arent that bad to day. However, some of the boys who have almose their en-This digit. made up of Camporary employees well probably thing so Lewis asked then to get their releases to rands in to personnel days on all women to be released by moon as all more be released to -day . I tay were home for lunch to day so be could get some move of Ann - they were having a britishing party for her. I had lunch as the cafeleria - after Kunch I walked down town - had to want over an hour in the barber shop to get a Than our . Bob Landon came in soil had Bob to talk with. We were both surgressed when Charles Firth wolked in about 1:30 - he distri stay however. It was about 2:00 when I got back to the Office - Bob I I walked back togetter. If any was looking for me - said test had called - Ole I was surprised of mo little concerned for I though think was perhaps justing me on the carper above being as the borber shop. I was released however when I found Max Umon waiting to see July when I got over to his office. He wanted to see us

about a letter he had received from Forestol. Charlie dictated a rather stary letter to Forestel ordling our desire of conditions on the watter of getting our apprendice program approved. He also advised Forestal that Mac & I would meet him on the 31st. on Coughhermie to descure to close the matter. Boy that will be a session. This climbed all over Man of me about the fol rawing program he asked me what I had done above arranging a program to meet our needs for the transport employeer in the reconvenion I the plane to peace. It was a more embarrang question - I told out that we had all the Manager plu a number of employeer in every dept. trained as job. sustanton o that I thought we were all set To new the needs - I have deduce much Charle, he raved I raved above my nor having a plan - ever wassed to know where I was yesterday & Wednesday - I told him I was with my family. the said all executive should have been or the plane of Mor this is no line for ren for those who are responsible for our employees. Thanks sure made a horreble example of me and

again just me un a prosition where no molle what I said be just made it seem that it was all wrong. After the got frusted rawing and Was had left his office I showed him the lever I had received from Jacksman asking our permission to add a statement to the contract covering the jurblustion of our Blueguet Reading lest regarding om subsidy of 1824.00. Bog I sure was sugrised when Charle completely reversed humself - wherear he approved the gray ment of 1824, so to Syracuse Univ. Pren lan week when I talked to him about it - to -day be said absolutely no subsidy - giving an the reason That to do so would be placing IBM in a position of unfan competition with other jublishers. Boy Charlie was sure definite about that. I re viewed the whole matter with him bone NO was this answer. Was war with Junie Johnston when I came our so I stoyped on of balled with Jumy about the for Training - he confirmed War ony of union that there was no unudeste med for Job Training session. Jemmie also said he believed we would have to want a week or longer to amounce our Den. Edu. Program. Mar went back to my spec with me ive discursed the whole situation - I advend

Mac to heap in close bouch with the shop & if there was any need of Juste Job Training let us take unudate steps to help. Blackie I called Dwayne at W.H. Q. Min afternoon -I told him about Kirks reveral on the 1829.50, I had also discussed in with Fred Michelan Dwagne agreed we would proved with the letter see got I samply by the first printing I 1500 pushed would about the place core for the publisher. Also mentioned the France Wear. Film o got Dwagner reaction on the release to Agracuse Union. Oven. Just bope 5:00 they broadcase over the P.A. System the special program Tops. Wation had pregraved for V. J. Day - a grayer of a short Talk my Wh. Watson thanking all of the emplayer for their efforts in the war effort. Walter Yeler called me from Pongheepsie above 5:15 raid Faul & Willow couldn't come up for the 29th & 30th. for the Dway Anstruction clustitute - Who. Walon is to be as the Plan for some special program. I told that my place had to be changed Too o mentioned Was of I coming to the plane on The 315t. - Called Many & had been stop down for me at 5:95. Humed hore

helped " any with supper - after supper we all drove down to ten Spencera - Gen belged me get the lable of chain for the prime to monor neger from the church with the little Ford Truck. To-bed 11:30 - Oh Yer - I received a letter

from Betty to -day, she tells me she hadn't

heard from Run for a couple of weeks - she

seemed to be give disturbed about it - augry

with Run for not writing. Keen sure is

a juggle to me!

8/23/45 THURSDAY:

Carlly cloudy of cooler to-day. Sor up about 7:15 - May dive me down to the Office the about 8:30. Agrent some line this morning with Max almon jucking our illustration on Willing to use in making up a rample of photographic charts for the managers to use in job brainmy. I'm Trying to encourage Max on this idea. Ester spent most of the day getting to gether the memographed malerial my Juycce State release on membershyn. Called Seo. Ingalla at Binghanton & learned That Bughanton Jr. Chamble is julling a program on WNBF for Jayree Gadio Week. Had Sunch at the capeteria with Ray, he loss me about Mrs. Loberts home in Visial being for sale -I was temped to go over to see it however,

I'm beginning to wonder whether The IBM will ever sell our place for 72,000 now That The war is over. Charlie Cheney stopped in This moon - I had my camera equipment with me - I showed Charlie Tigay The NOOKY closeup attachment for my Luca. It was the first They had seen one - in fact I have never seen one like it before. The first lab. print The Precision Measurement film "The Micromoter was received to - day. Gen Space lold me in was a poor print, bad film stock . I saw Bruce and he wanted to have Orlow and Junny Johnston see the film. Dwayne was back to day for the first muce he left last month to work in N.Y.C. at With. Q. & at West por Com. I made arrangements with him & also Jumy to see the John as 4:15 - Jimmie brought Bell Lewis, - Dwayne brought Fred Villan To I took Lay Jawn over with me - I also called Earl Kanfman in for the preview. Bruce made a rather inadequate explamation of the condition of the film. It was a bit disappointing to me for the pucture were jerby & the sound was poor. I comme was quite disappointed with the reproduction of his voice, but was satisfied after Sen Space explained that the

better prior would correct it. The story in very clearly presented I was very much pleased with the film as an overall juvoduction. However, if I had seen it first I would never had allowed this great to be shown to Orton of Jumie. I felt stisting was really being made for our Dest. I Education on this is the first shop movie which has ever been produced. So a ride home with Lay at 5:15 - Jane Vietor had arrived - Many wer her at the station in Brighauton this afternoon . Jane were with Way & I to the customer graduation at the Homestead to night. It was a very nice party. I quite enjoyed it, having not been at one for several weeks. Hood award I talked for quite awhile after the party - met Mr. Tom fore, Charlie Love rencle who is in the present sales clan. He is planning to open an I BM Office in Elsona. Drove home about 10:00 - read The papers of to-bed 11:15.

8/24/45 FRIDAY:

down to the office at 8:30. Spen a givet day in the office - worked some more on the se-

College. Evre Frau called To told me about Mps. Pachard's nepher who is a justoner of the Japan & said Mrs. Parpard had heard there was a boy in the IBM school who had been on the same boar when it was toyedoed by The Japa. I called Mrs. Pachard of Journal The Jellows name was Seo. Othity - I looked him up & leaved he was the many officer who is in the present System Sence Clan and who rider horse back with Shirley Jish. Feler yaney introduced me of a shed him to call Who. Cachard, he said he would. I was also surprised to learn he is a fret. Commander. - Tay had the new girl Helen Sears in for an enterview to-day - I talked with her for a few minutes - she seemed to be a very smart gerl - I am really surpresed they done wone her in System Service. She is being transferred from our Buffalo office. It ad Ray arrange to have her start Monday. -Charlie Chency came over & belped me take some pretures of my office in the annex this moon with my Lieca. We are moving back into the school next week so I thought it would be mee to have a photographic record of our ser-up. Had lunch at the capeteria

with Gay Jawis - after lunch I drove the can over to al Wares I had the oil changed - drawed on the break-in oil of put in 10w - also a fottle of Gaente to clean out the motor. after lunch we had a little farewell party for Valla in The office - Ester presented ber with a suit case which we had all shyped in on . It was Vallas last day at work - she is leaving to attend Rider College or Trenton N. J. this fall. Decemed a call this morning that Many I were morted to allend the lea for the S.S. gula at the Homestand at 4:00. Called Hay & she and Jane planned to go up with me. They called back from Black wella office this afternoon I said the men were not uncluded. Ifin Scheable & refine Sundnew stopped in about 3:30 - they are just funishing up the puchere laking at Endicote for their abriduction Movie. Drove home at 4:00 - Wary had called Joyce to stay with the guts true I decided to stay home. Many Tame stopped our for Edua Orton & took her up to the lea. I called the office o lold tops . A. I wouldn't be back. I proceeded to develope 3 35 m.m. Jelms - Many & Jane got home above 6:00 after dinner I showed Jane to the Jamily some movier - Babe & Hary Low really enjoyed seems some of their baby films. It was cold in the

house this evening. Many had a fine going in
The fine place all day: I worked in my
study dating film this evening - about 10:30
Many Lon was side at her stormach in
The bed - boy what a men! Many & I had
To change the entire bed - I also had to
wash Many Lou she had it all over her too.
To-bed 11:15 -

8/25/45 SATURDAY:

Cloudy & rang to day, got my about 7:20 - hurred around of deave down to the office about 8:35 - the annex was so cold we had to start a fire to roam the place up a bit. It was a busy morning at the school - at 9:00 (fay & went over to from 202 to askend the last general session of the System Sewer class of the other two classes which were to graduate to might. It was a spend session which had been called at which many of the people participating in the Instruction of the classes could give their final message - thus shortening the program for this evening. Fred Hecklan prejuded and presented the following who talked briefly - Min Seach, Ming Stahulty, refin Hagelin

Mr. Collister, Mr. Sheuden - Who. Watson & his yearty were expected any munite and Fred had to keep stalling for time - he did a swell job of it. This Campbell came in so be called on him pushly Jack Burredge came in I be called on Jack. I was apaid the meght get around to call on me. Ih yes Jam Birhenstock, manager of our Janaa City Office also syste to the group. Mr. Waton finally arrived with a number of the Board of Devetors Mrs. Octor took over I presented Mr. Watson who Introduced each of the Dueston present -Mr. Cooper, Fairchild, Booth, Green, Stainton, Barton, Tick & Philips. Mr. Booth of Th. Fairchild each syste briefly. It sure was an interesting session - of course, Who. Walson spoke to some length as usual - it was about 11:15 when the weeling finally adjourned. Oh yes a Dr. Ridgeway from the State Dept. at Washington also addressed in before Teps. Watson arrived on the same. We some had plenty of Talk. Devayue had asked me to take some of his quests for a low then the plane so I hung award after the meeting - he introduced me to a Mr. Beagraves of her sister Miss. Larsen - be also introduced Dr Georgeway a a Mr. Genyon and asked me to take them

for a low in the plane. The plant wasn't working so there wasne much I could show Them except the myg. facilities. I have deduce prove too interesting to the two women, they returned to the school from Bldg. #41 above 12:13. I continued with Dr. Radgeway & Mr. Genyon -They seemed to be extremely interested - also both them into the Eng. Lat. Wet Wally We Dowell & introduced hem - he look us thin one of the engineering depts. For the men buch to the school about 12:45 - They were with auch Dave up to the Homestead to the Direction of uncheon which had been arranged. I ate at the capteria with Key Johnson, Gen Hartenne I some of the other engueen. Hen told us about the bad automobile andere he had recently. Did some shopping for Many of drove home about 2:30. It was gute roing this afternoon - played some dawn croques with Mary, Jane & Barbara also Jelazed dark for awhile - took some justines with my Lieca - finished up a film I had in the camera with some picture of Singer The can of her baby. Did some work here in my study this afternoon - Edua Oston called & asked me to juck up the Lauren

o Mhr. Deagraver at The Homestead. About 6:00 I got dressed in my tux - a shower had come up of it sure bothed like we were in for a bad night. At 6:30 I drove down town to got Dorothy Drickey to stay with the children. It cleared of some of war a fairly mee evening for The graduation. Many, Jame I I drove up to the Homesland - had to want until mearly 7:00 for Min Lauren & Mrs. Seagrant - Took them with us down to the Country Club. It wasn't quite as large a crowd as usual swee they did not use the upper lounge as they had before something about the fre laws that wouldn't yearmit using it. I was surprised to see Faul a) evell - he had come up with Wall Miles in as much or Mrs. The couldn't come. I am told me he already had over 400 enrollments in The fall Den. Edn. Orogram. It sure was a nice party - I sat right next to Who. I the Down of the Lachawanna Kailwood Office in Binghandon - I war suspensed to hear him say that year the Rail Road dichets for the 210 students who were leaving amounted to 73,000 00. I war a bit disappointed That President. Galpla C. Antchison of Latayette College didne arme to give The Commencement Address., he was

flying in from Pittsburgh & due to bad wester didn't get here. Mr. Watson asked Chancelor olly to junch hit as the man speaker -Dwayne presided as usual I did his usual marvelous job. Bill Illy gave a really excellent talk - he sure did hunily proud under the circumstance. The main even of the evening was Who. Watsons announce ment that at a meeting I the Board of Dueston to day Charlie finh had been elected Executive Vece threadent - the way Wys. Watson june in I gather that perhaps Thatie will be taking Mr. Vectole place, he deduce say that however, but he mentioned that Mr. Mechol had been ell o wasn't in a position to bely him as he had in the part. In. Gerle gave a very good accept ance speech & received a big hand from The group. Top. Wation had There , farmela Movotna sing - she was well received as resul. At also presented the dylomas to the 210 graduates - There were three classes System Service Class 621 - Lustomer Service Secretary Class 625 - & Sales Class 626. The party was over above 11:30, but we somed around afterward will

6)()6

nearly everyone was gone - introduced Jane to many b) our friends. Cay Jawie was some disturbed about Manion's name being on the list, Jane was supposed to share replaced Manion who was away for the webend - I mentioned in to Bladswell but he had overlooked removing her mame when he added Janes. Dwayse asked we to come up to the Stomestead Sure we decided to come on home about 12:15, I had to dive Downty home down town - home or to -bel about 1:00.

8/26/45 SUNDAY:

all day. Sot up about 9:00 - helped Many with breakfast. Jane stayed home with Babs of Many Lon - Many of I went to Church at 11:00. It was a union service with the Baptist Church, The service being held at the Waptist Church. Of what I gave the sermon - it seemed good to hear him again. The church was pack-led - of course, there was a large them out of Presbytenian to hear Ger. Here. Had a charce It say bello on the way out after church. Jane that denner started when we got home. Dwayne

called after bunch & said there was a Typ. Dwyer from Curtin Wreger Go., a guest of Mr. watson's ar the Homestead who Mr. Gerls wanted me to meet - dedut say what he was interested in - after helping It ary with the dister I drove up to the Homestead - Droge was still there, told me Mr. Dwyer was unterested in getting a job with IBM which surprised me - he also wentioned that Mr. Wilson of our preign office has arranged to have 4 of the Chemese students who arrived This weekend the to remain for several months for a stundent engineer course - Dwayne advised me this work would come under my supervision - I have been wanting to serve the Student Engineering Work but little did I expert that our fire four students would be Chinese. Dwayne intro duced me to Mr. Dwyer of I spent about an how with him - learned his father of mother whe also as the Homestand his father, a lawyer in Jochester, is a good Sriend of Mr. Watson & in lathing with Mr. Watron young Mr. Dwgen was lots to look IBM over of see whether there want some thing he could do. I didn't know whether

this meant we had to give him a jot or not. I told him above my work in the Dept - of Edu. He had to return this afternoon to Jochester with his follow so I arranged to see hem to morrow - he wanted to drive back to see one see up in the School. His got with Curlin Wright Co. at Cincenstie is finishing up in a couple of weeks of he is intent on getting as nother got. I clurned to the house about 4:00 & about 5:00 we all drove down to the Buchlers - Bruce & Edwa & planned a quenic at their house - but it was so cold I rainey it turned into a house party - they had The Grells & the Harris - I had never seen Walt Havin little boy before - he sure is an active child & a big boy - her a year younger Than Barbara & is a half head taller. Edna had a very nece dinner for un, served buffette style. Bruce had the fire place going Jull blase to been us warm - and be did too. Wall, Gruce, Bill & I played some rummy, the gul played bridge. Came home above 9:15. Started our fire place going again - Mary just the girl to-ber - then Jane, Many & Jelayes running until about 11:30 - To-bed 11:45

8/27/45 MONDAY:

Clear & warmer to -day - up at 7:15 - drove down to the office at 8:15. Saw Bell Lewes & he believe we can have on managers meeting to - morrow. I had Gay start doing the restriple), the Bulletine to -day with all the releases of transfer of employees They have to be all repartsaged. Helen Sean started to - day in our dept. about 8:30 Mr. Kengon called from the allengton o asked we to finish the job I started for. Morning - he would to me the plant in peration. I had hem come down to the school - Called Dwayne & advened him he insisted I have Mr. Kenyon set in an The genery of the school for the Chance dele gation. This we did - Fred Yechlar mended, Orton, Mr. Welson & a Mp. Hansen spoke to the group. There are about 30 Chenese in the group. Aprent a couple of hours showing 14h Denyon then the plant. Tot back to the Spice about 12:50 - cacled Herb. Tucker at Morwich of arranged to rather their fr. Chamber Meeting on Seje 6th. Went over to the capteria with Ety for bunch - recalled I was supposed to go to the Sewer Club

Clambake this noon - Gay loaned me hing can I I drove out to Zemberi Erove on Hoopen Ad. I was surguesed to find nothing ready to eat - in fact they were just proching the checkens - the place didn't look very aggeting, in fact of gave up the idea of going entriely. Allumed to the office - had bunch at The cafeleria - are with Gaven Cullen - be advised me to hold off having a committee meet my of our Triple S offerer until after Ges. Banks returns. Dot a wire from young Duyer after hunch saying he had been delayed and wouldn't be here until abour 3:00 - it was about 3:30 when he arrived at the school showed him thru the brulding - had him meet Fred Michlan also Ray Jawes - gave hum a Jarry complete jucture of our Ben. Edu. Program also look hum over to Blog. 28 & showed him the Visual Ride set - up - introduced him to Jen & Bruce. Druce had a problem for me on the little that Bill Levi & Jenny Johnson had wanter added to the Prec. Men. Film Got a ride home at 5:00 with Bill Duyer he had to drive up to the Homestead to ger his wife & three Children - he was driving on to ward Concernatio to night.

As he left he said he would write Hh. Tirk & give him his thought as so what he would like to do - he undicated that The prospect look good. Frankly I have my double as to how he will fit into our Dant. of Education - I'm afraid be would move to be a premodoura. After denner this evening I washed the can so it would be clean for Many to drive to M.J. to-morrow. Jook some justures) Babs & Mary you in the hammoch on the porch. Wany called Mother This evening and war very much surprised To leave that there is a bad infatile judger scare down home - it seems that there is a bad epidemic of it in a around Trenton - so bad in fact that all the theaten & public gathering places in Trenton are closed - therefore some of the people in that area are driving all the way up to Alemington & Clinton Fout to the theaters there - for this reason all Children in Clinton, Annandale & Lebamon are prohibited How attending any public places. When . Many heard this she gave up the idea of driving to your ferrey to morrow. grunted some judiner this coloring, didn't

298

get started until late & I stopped at 10:30

so I didn't get many printed. The news on

The radio was interesting this evening - all

about the plane being carried out to occupy

Japan - Mac arthur is suppose to land

of take over the Eusperoir summer home as his

head quarter to morrow. The Up - got a

movie them back to day - one taken of the

Depri. Pienie - some good pictures.

To-bed 11:30.
